

# 2008 Information

School-submitted entries in the Minister's Young Designer Awards (MYDA) will be judged in two stages.

- The first stage of judging will be based on the design folio which should fully describe the project, document the design process used and explain the decisions made. Photographic evidence of the solution needs to be included in the design folio. Students' design folios (but not solutions) are to be submitted directly to the Office of the Board of Studies NSW by **Friday 17 October 2008**. Judging of submitted design folios will result in the short-listing of some projects.
