NEW SOUTH WALES

## **2012 HSC Electrotechnology Marking Guidelines**

### **Section I**

#### **Multiple-choice Answer Key**

<b>Question</b>	<b>Answer</b>
1	A
2	D
3	C
4	B
5	B
6	A
7	C
8	D
9	B
10	A
11	C
12	B
13	C
14	C
15	A

## Section II

### Question 16 (a)

Criteria	Marks
• Identifies THREE personal protective equipment items	3
• Identifies TWO personal protective equipment items	2
• Identifies ONE personal protective equipment item`	1

### Question 16 (b)

Criteria	Marks
• Provides a comprehensive outline of at least TWO unsafe electrical situations	5
• Provides an adequate outline of at least TWO unsafe electrical situations	4
• Provides a basic outline of at least TWO unsafe electrical situations OR provides a comprehensive outline of the unsafe potential of the drill, including at least three situations.	3
• Provides an adequate outline of the unsafe potential of the drill including at least two situations.	2
• Provides a limited outline of a potential unsafe practice or situation with the drill.	1

### Question 17

Criteria	Marks
• Provides a comprehensive explanation of procedures and actions to be followed	6
• Provides a detailed explanation of procedures and actions to be followed	5
• Provides an adequate explanation of procedures and actions to be followed	4
• Provides a basic explanation of procedures and actions to be followed	3
• Provides a limited explanation of procedures and actions to be followed	2
• Provides a list of actions	1

**Question 18**

Criteria	Marks
• Both lamps correctly connected (parallel) AND ammeter wired correctly AND voltmeter wired correctly AND fuse wired correctly AND connected to supply correctly AND labelled correctly AND switch to control circuit*	7
• Any SIX of the above SEVEN items done correctly	6
• Any FIVE of the above SEVEN items done correctly	5
• Any FOUR of the above SEVEN items done correctly	4
• Any THREE of the above SEVEN items done correctly	3
• Any TWO of the above SEVEN items done correctly	2
• Any ONE of the above SEVEN items done correctly	1

\*To receive full marks the circuit must be able to work

**Question 19 (a) (i)**

Criteria	Marks
• Correctly indicates the state of all switches	1

**Question 19 (a) (ii)**

Criteria	Marks
• Correctly indicates the state of all switches	1

**Question 19 (a) (iii)**

Criteria	Marks
• Correctly indicates the state of all switches	1

**Question 19 (b)**

Criteria	Marks
• Correctly calculates THREE resistors in series (total $25\ \Omega$ ) and calculates correct circuit current	2
• Correctly calculates THREE resistors in series	1

**Question 19 (c)**

Criteria	Marks
<ul style="list-style-type: none"><li>• Correctly calculates <math>R_2</math> and heating element resistance AND</li><li>• Correctly calculates circuit current AND</li><li>• Correctly calculates power dissipation of heating element</li></ul>	3
<ul style="list-style-type: none"><li>• Correctly calculates <math>R_2</math> and heating element resistance AND correctly calculates circuit current</li></ul>	2
<ul style="list-style-type: none"><li>• Correctly calculates <math>R_2</math> and heating element resistance</li></ul>	1

**Question 20 (a)**

Criteria	Marks
<ul style="list-style-type: none"><li>• Correctly totals <math>R_4</math> and <math>R_5</math></li></ul>	1

**Question 20 (b)**

Criteria	Marks
<ul style="list-style-type: none"><li>• Correctly totals <math>R_1+R_2</math> (series) AND correctly totals <math>R_1+R_2</math> and <math>R_3</math> (parallel)</li></ul>	2
<ul style="list-style-type: none"><li>• Correctly totals <math>R_1+R_2</math> (series)</li></ul>	1

**Question 20 (c)**

Criteria	Marks
<ul style="list-style-type: none"><li>• Correctly identifies I Total and applies ohm law across <math>R_5</math> to determine <math>V_{R5}</math></li></ul>	1

**Question 20 (d) (i)**

Criteria	Marks
<ul style="list-style-type: none"><li>• Correctly identifies resistance increases</li></ul>	1

**Question 20 (d) (ii)**

Criteria	Marks
<ul style="list-style-type: none"><li>• Correctly identifies current decreases</li></ul>	1

## Section III

### Question 21

Criteria	Marks
<ul style="list-style-type: none"> <li>• Provides a comprehensive explanation of safe working practices, tools, equipment and processes that should be implemented in the given electrotechnology situation</li> <li>• Communicates clearly and logically, using standard industry terminology</li> <li>• Communicates ideas and information effectively in a well reasoned and cohesive response</li> <li>• Demonstrates an in-depth understanding of electrotechnology functions in reference to the scenario used in the question</li> </ul>	13–15
<ul style="list-style-type: none"> <li>• Provides a detailed explanation of safe working practices, tools, equipment and processes that should be implemented in the given electrotechnology situation</li> <li>• Communicates in an acceptable manner using standard industry terminology</li> <li>• Communicates ideas and information consistently in a reasoned and cohesive response</li> <li>• Demonstrates an understanding of electrotechnology functions in reference to the scenario used in the question</li> </ul>	10–12
<ul style="list-style-type: none"> <li>• Provides adequate explanation of safe working practices, tools, equipment and processes that should be implemented in the given electrotechnology situation</li> <li>• Communicates using some industry terminology</li> <li>• Communicates ideas and information adequately</li> <li>• Demonstrates a basic understanding of electrotechnology functions in reference to the scenario used in the question</li> </ul>	7–9
<ul style="list-style-type: none"> <li>• Provides a basic explanation of safe working practices, tools, equipment and processes that should be implemented in the given electrotechnology situation</li> <li>• Communicates using limited industry terminology</li> <li>• Communicates ideas and information in a basic manner</li> <li>• Demonstrates a basic understanding of electrotechnology functions in reference to the scenario given</li> </ul>	4–6
<ul style="list-style-type: none"> <li>• Provides a limited description of some safe working practices, tools, equipment and processes that should be implemented in the given electrotechnology situation</li> <li>• Communicates using limited industry terminology</li> <li>• Communicates ideas and information in a limited manner</li> <li>• Demonstrates limited understanding of electrotechnology functions in reference to the scenario used in the question</li> </ul>	1–3

## Section IV

### Question 22 (a)

Criteria	Marks
• Identifies unsafe work practices and bullying and demonstrates an understanding of appropriate actions	3
• Identifies unsafe work practices and/or bullying and provides a basic understanding of appropriate actions	2
• Identifies unsafe work practices OR bullying with limited or no understanding of appropriate actions	1

### Question 22 (b)

Criteria	Marks
• Identifies THREE or more examples of employer's duty of care towards employees	3
• Identifies TWO examples of employer's duty of care towards employees	2
• Identifies ONE example of employer's duty of care towards employees	1

**Question 22 (c)**

<b>Criteria</b>	<b>Marks</b>
<ul style="list-style-type: none"><li>• Provides a comprehensive list of actions to be undertaken in the given electrotechnology situation</li><li>• Communicates ideas and information effectively in a well reasoned and cohesive response</li><li>• Demonstrates an in-depth understanding of electrotechnology functions in reference to the scenario used in the question</li></ul>	9
<ul style="list-style-type: none"><li>• Provides a detailed list of actions to be undertaken in the given electrotechnology situation</li><li>• Communicates ideas and information consistently in a reasoned and cohesive response</li><li>• Demonstrates an understanding of electrotechnology functions in reference to the scenario used in the question</li></ul>	7–8
<ul style="list-style-type: none"><li>• Provides an adequate list of actions to be undertaken in the given electrotechnology situation</li><li>• Communicates ideas and information adequately</li><li>• Demonstrates a basic understanding of electrotechnology functions in reference to the scenario used in the question</li></ul>	5–6
<ul style="list-style-type: none"><li>• Provides a basic list of actions to be undertaken in the given electrotechnology situation</li><li>• Communicates ideas and information in a basic manner</li><li>• Demonstrates a basic understanding of electrotechnology functions in reference to the scenario given</li></ul>	3–4
<ul style="list-style-type: none"><li>• Provides a limited list of actions to be undertaken in the given electrotechnology situation</li><li>• Communicates ideas and information in a limited manner</li><li>• Demonstrates limited understanding of electrotechnology functions in reference to the scenario used in the question</li></ul>	1–2

# Electrotechnology

## 2012 HSC Examination Mapping Grid

### Section I

Question	Marks	Unit of competency/Element of competency	Employability skills (Please put an X where appropriate)							
			Communication	Teamwork	Problem-solving	Initiative and enterprise	Planning and organising	Self-management	Learning	Technology
1	1	UEENEEE002B Dismantle, assemble and fabricate electrotechnology components					X			X
2	1	UEENEEE001B Apply OHS practices in the workplace							X	
3	1	UEENEEE002B Dismantle, assemble and fabricate electrotechnology components								X
4	1	UEENEEE003B Solve problems in extra-low voltage single path circuits							X	
5	1	UEENEEE005B Fix and secure equipment			X					
6	1	UEENEEE002B Dismantle, assemble and fabricate electrotechnology components			X					X
7	1	UEENEEE003B Solve problems in extra-low voltage single path circuits							X	
8	1	UEENEEE001B Apply OHS practices in the workplace						X		
9	1	UEENEEE005B Fix and secure equipment	X							
10	1	UEENEEE001B Apply OHS practices in the workplace							X	
11	1	UEENEEE003B Solve problems in extra-low voltage single path circuits			X					
12	1	UEENEEE048B Carry out routine work activities in an electrotechnology environment							X	
13	1	UEENEEE004B Solve problems in multiple path circuits			X					
14	1	UEENEEE003B Solve problems in extra-low voltage single path circuits							X	
15	1	UEENEEE004B Solve problems in multiple path circuits			X					

**Section II**

Question	Marks	Unit of competency/Element of competency	Employability skills (Please put an X where appropriate)							
			Communication	Teamwork	Problem-solving	Initiative and enterprise	Planning and organising	Self-management	Learning	Technology
16 (a)	3	UEENEEE002B Dismantle, assemble and fabricate electrotechnology components (Appendix 2.11.2.1)				X				
16 (b)	5	UEENEEE002B Dismantle, assemble and fabricate electrotechnology components (Appendix 2.11.2.1)						X		
17	6	UEENEEE001B Apply OHS practices in the workplace		X	X				X	
18	7	UEENEEE048B Carry out routine work activities in an electrotechnology environment (Appendix 2.8.1.2(d)) UEENEEE004B Solve problems in multiple path circuits	X							X
19 (a) (i)	1	UEENEEE003B Solve problems in extra-low voltage single path circuits UEENEEE004B Solve problems in multiple path circuits	X		X					
19 (a) (ii)	1	UEENEEE003B Solve problems in extra-low voltage single path circuits UEENEEE004B Solve problems in multiple path circuits	X		X					
19 (a) (iii)	1	UEENEEE003B Solve problems in extra-low voltage single path circuits UEENEEE004B Solve problems in multiple path circuits			X					
19 (b)	2	UEENEEE003B Solve problems in extra-low voltage single path circuits UEENEEE004B Solve problems in multiple path circuits			X					
19 (c)	3	UEENEEE003B Solve problems in extra-low voltage single path circuits UEENEEE004B Solve problems in multiple path circuits			X					
20 (a)	1	UEENEEE004B Solve problems in multiple path circuits			X					X
20 (b)	2	UEENEEE004B Solve problems in multiple path circuits			X					X
20 (c)	1	UEENEEE004B Solve problems in multiple path circuits			X					X
20 (d) (i)	1	UEENEEE004B Solve problems in multiple path circuits			X					X
20 (d) (ii)	1	UEENEEE004B Solve problems in multiple path circuits	X		X					X

**Section III**

Question	Marks	Unit of competency/Element of competency	Employability skills (Please put an X where appropriate)							
			Communication	Teamwork	Problem-solving	Initiative and enterprise	Planning and organising	Self-management	Learning	Technology
21	15	UEENEEE001B Apply OHS practices in the workplace UEENEE005B Fix and secure equipment UEENEEEC010B Deliver a service to customers Employability skills — Communication	X	X		X	X	X		

**Section IV**

Question	Marks	Unit of competency/Element of competency	Employability skills (Please put an X where appropriate)							
			Communication	Teamwork	Problem-solving	Initiative and enterprise	Planning and organising	Self-management	Learning	Technology
22 (a)	3	UEENEEE001B Apply OHS practices in the workplace	X					X		X
22 (b)	3	UEENEEE001B Apply OHS practices in the workplace	X					X		X
22 (c)	9	UEENEEE001B Apply OHS practices in the workplace UEENEEEC010B Deliver a service to customers UEENEEE048B Carry out routine work activities in an electrotechnology environment	X				X	X		X
