Chinese Continuers Character List

These are characters set for active use in the *Chinese Continuers Stage 6 Syllabus*. In the first list, characters are listed in alphabetical order. In the second list, characters are sorted according to topic. Pages 17–18 of the syllabus states that: *A list of characters will be provided as a resource for teachers and students. It is expected that students will be able to use and understand the characters on the list, as well as a wider range of vocabulary and idiomatic expressions relevant to the themes and topics prescribed in the syllabus.*

All texts provided in the written examination will be in simplified characters.

It is expected that students will be able to use simplified characters consistently in tasks requiring written responses in Chinese. A small number of pinyin will be accepted. The pinyin should be confined to vocabulary and expressions, which would not normally be expected to have been covered during a 400–500 hour course. The use of full form characters or pinyin will not be acceptable for items included in the character list.
