1 Entertainment Industry Curriculum Framework

1.1 Introduction

The Entertainment Industry Curriculum Framework has been developed to provide students with the opportunity to gain credit towards the NSW Higher School Certificate and credit towards national vocational qualifications for the entertainment industry under the Australian Qualifications Framework. This Framework is based on the national Entertainment Training Package (CUE03).

This Framework incorporates all Higher School Certificate (HSC) Entertainment Industry VET courses whether:

- delivered by schools
- delivered by TAFE colleges, or
- delivered by other Registered Training Organisations (RTOs) on behalf of schools or TAFE colleges.

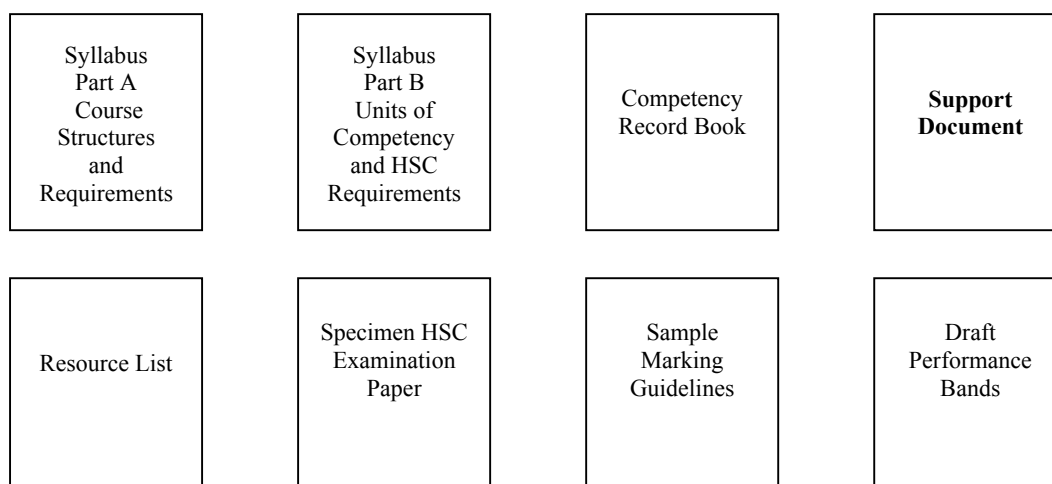

This document, the *Entertainment Industry Curriculum Framework Stage 6 Entertainment Industry Support Document*, contains material and advice which is intended to assist teachers and trainers in the initial implementation of courses within the Framework and in the assessment of student competency. It must be read in conjunction with Part A and Part B of the syllabus.

Part A of the syllabus contains general advice about the Entertainment Industry Curriculum Framework and describes course structures and requirements, including work placement. For HSC accreditation the delivery of all courses in the Entertainment Industry Curriculum Framework must comply with the structures and requirements described in Part A of the syllabus.

Part B of the syllabus contains the text of the units of competency from the Training Package that have been included in the Framework. Part B must be used in the delivery of the Entertainment Industry 120 and 240 indicative hour HSC courses.

The Framework documentation for the Entertainment Industry Curriculum Framework also includes an Entertainment Industry Competency Record for recording student achievement of competency. The use of the Competency Record is not mandatory. RTOs may choose to design an alternative form of competency record or use versions produced by industry bodies.

Industry Curriculum Framework Documentation

Support materials for this Curriculum Framework include this support document and a resource list.

Parts A and B of the syllabus are available in hard copy from the Board of Studies and may also be accessed on the Board's website (www.boardofstudies.nsw.edu.au). The competency record, the support document and the resource list may be accessed through the website.
