1 Introduction to Industry Curriculum Frameworks

Industry curriculum frameworks have been developed to provide students with the opportunity to gain credit towards the NSW Higher School Certificate and credit towards national vocational qualifications under the Australian Qualifications Framework (AQF).

Industry curriculum frameworks are based on national endorsed training packages. They specify the range of industry-developed units of competency from the relevant training packages that have been identified as suitable for the purposes of the Higher School Certificate. They also define how units of competency are arranged in HSC Vocational Education and Training (VET) courses for the purpose of gaining unit credit for the Higher School Certificate. Wherever possible, VET courses in industry curriculum frameworks are aligned to national training package qualifications.

This industry curriculum framework contains HSC Hospitality VET courses delivered for the Higher School Certificate by:

- schools
- TAFE colleges
- other Registered Training Organisations (RTOs) on behalf of schools or TAFE colleges.

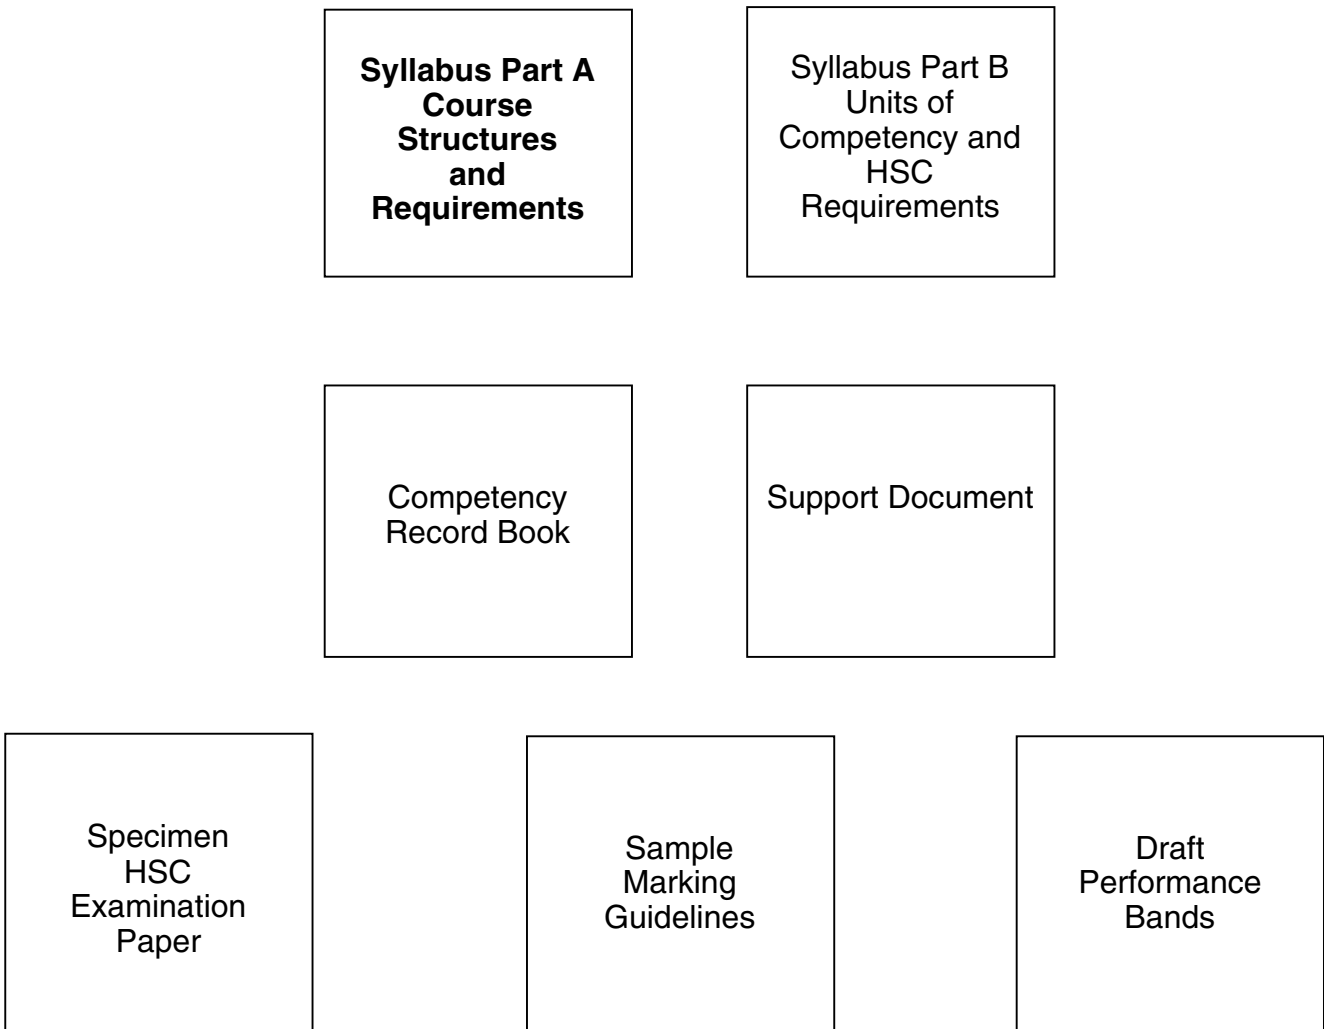

2 Documentation associated with Industry Curriculum Frameworks

The documentation for industry curriculum frameworks has been written to assist teachers and trainers develop teaching and assessment programs and to help in the management of competency achievement of Higher School Certificate candidates.

The purpose of Part A of the Hospitality Curriculum Framework Stage 6 Syllabus is to describe how students may achieve unit credit towards the Higher School Certificate and credit towards a vocational qualification. It contains general advice about the Hospitality Curriculum Framework and describes course structures and requirements, including work placement. This document should be used as the first reference when planning the implementation of VET courses for the Higher School Certificate.

The set of documents associated with the curriculum framework is shown below.

2.1 Industry Curriculum Framework documentation

3 The Higher School Certificate program of study

The purpose of the Higher School Certificate program of study is to:

- provide a curriculum structure which encourages students to complete secondary education
- foster the intellectual, social and moral development of students, in particular developing their:
 - knowledge, skills, understanding and attitudes in the fields of study they choose
 - capacity to manage their own learning
 - desire to continue learning in formal or informal settings after school
 - capacity to work with others
 - respect for the cultural diversity of Australian society
- provide a flexible structure within which students can prepare for:
 - further education and training
 - employment
 - full and active participation as citizens
- provide formal assessment and certification of students' achievements
- provide a context within which schools also have the opportunity to foster students' physical and spiritual development.

4 Vocational Education and Training (VET) in the NSW Higher School Certificate

4.1 The National Training Framework

All accredited VET programs, including those for HSC students, must meet the requirements of the National Training Framework (NTF).

The key components of the National Training Framework are:

- The Australian Qualifications Framework (AQF)

Under the AQF, VET qualifications in each industry area are standard across Australia. To facilitate this, the award of a particular AQF Diploma, Certificate or Statement of Attainment depends on the person who seeks a qualification that meets specified industry competency standards. Competency standards have been developed by industry to reflect the real requirements for employment and effective work performance in the relevant industry and are contained in national industry training packages.
- National Training Packages

All training packages contain three mandatory or 'endorsed' components on which AQF VET qualifications in the relevant industry are based:

 - *units of competency* which express the industry competency standards and include elements of competency, performance criteria, a range of variables and an evidence guide
 - *assessment guidelines* which set out conditions for establishing that competency has been met
 - *qualifications* which explain the qualifications and relationships between them.

Training packages may also contain a range of materials designed to assist with training and assessment. These are not mandatory and are known as 'non-endorsed components'.

- **The Australian Quality Training Framework (AQTF)**

Because training packages and AQF qualifications are standardised across Australia, they are recognised in all parts of Australia. This is assured by the AQTF, which ensures that the quality of training and assessment is consistent and reliable.

Under the AQTF, an organisation wishing to provide training, assess competencies and issue VET qualifications under the AQF, must be a Registered Training Organisation (RTO). It is the responsibility of an RTO, whether it is a school or school system, a TAFE college or other training provider, to ensure that quality assurance requirements are met. These requirements include access to adequate resources and appropriately qualified staff in order to deliver and/or assess training programs that lead to the achievement of qualifications (or individual units of competency) that have been identified in the RTO's scope of registration. As part of its registration, each RTO must agree to recognise AQF qualifications issued by any other RTO.

4.2 Industry Curriculum Frameworks

Industry curriculum frameworks have been developed to satisfy the requirements of the National Training Framework and the purposes of the NSW Higher School Certificate.

An industry curriculum framework describes the range of units of competency from the relevant training package that is endorsed by the Board of Studies for inclusion in the NSW Higher School Certificate.

It also describes the groupings of units of competency that define specific HSC VET courses. These are determined largely by the qualifications available in the relevant training package and their suitability for school students attempting the Higher School Certificate. An industry curriculum framework must also meet a set of criteria developed to promote the quality of VET in the Higher School Certificate.

Units of competency are the components against which assessment and reporting occur for the purpose of gaining credit towards an AQF qualification. They are also the focus of courses within an industry curriculum framework. In this sense, the elements of competency, which collectively define the outcomes of each unit of competency, also define the outcomes and determine the content of HSC VET courses within each framework.

An optional HSC examination is attached to the 240 indicative hour course. The examination mark may be included for UAI calculation purposes.

4.3 Determination of VET qualifications for HSC students

The HSC VET Curriculum Frameworks are based on units of competency and qualifications contained in nationally endorsed training packages. These qualifications are determined by the qualification rules for each training package, referred to as qualification packaging rules. The rules describe the number and range of units of competency required for qualifications eligibility.

Course structures for the HSC are described in each VET Curriculum Framework syllabus. In order to have satisfactorily completed a framework course, students must follow the course structure, attempt the required units of competency with diligence and sustained effort, and fulfil work placement requirements.

The rules and structure of HSC VET courses are not always identical to the qualification packaging rules. In some cases more units of competency are required for the HSC course than are required for successful completion of the qualification. Refer to Section 8.2.

In some HSC courses, students might not achieve all of the specified units of competency for the purposes of the HSC, but may still be eligible for the qualification as a result of meeting the requirements of the packaging rules for that qualification.

Sections 8.4, 8.5 and 8.6 outline the Hospitality course structures within the Hospitality Curriculum Framework.

Section 15 outlines the qualification packaging rules for each qualification contained within the Hospitality Industry Curriculum Framework and should be consulted when selecting units of competency.

5 Rationale

The Hospitality industry contributes significantly to the Australian economy and employs a large number of people. The industry has an ongoing commitment to training in both customer service and technical areas. The industry employs a large number of young people full-time and has many part-time and casual jobs.

The view of Tourism Training Australia is that ‘people who want to succeed in the industry should have good communication skills, a strong customer focus, smart presentation and grooming, organisational skills, an ability to work in a team, an ability to work well under pressure and good technical skills and knowledge.’ (www.tourismtraining.com.au)

The hospitality industry has a well-established qualifications framework organised around a range of functional areas in the hospitality sectors. Skills acquired can be transferred across a range of service industries.

The Hospitality Curriculum Framework has been developed in response to the needs of the industry and the availability of relevant training and education opportunities. It is based on units of competency from the Hospitality Training Package. AQF Certificates I and II qualifications are available to students who achieve the appropriate units of competency from this industry curriculum framework.

The study of courses in the Hospitality Curriculum Framework can lead to a variety of career opportunities across a range of industries. Commercial and non-commercial enterprises for which Hospitality competencies are required include resorts, hotels, bed and breakfasts, clubs, restaurants, cafes/coffee shops, bistros, community food service organisations (eg nursing homes, hospitals, meals-on-wheels) and catering organisations, as well as many enterprises within the tourism sector.

6 Aim

The Hospitality Curriculum Framework is designed to enable students to acquire a range of technical, personal, interpersonal and organisational skills and to develop key competencies valued both within and beyond the workplace. Students will also acquire underpinning skills and knowledge related to functional areas within the hospitality industry. Through study of this framework, students will gain experience that can be applied to a range of contexts, including work, study and leisure. Study within this framework will also assist students in making informed career choices.

7 Hospitality Curriculum Framework

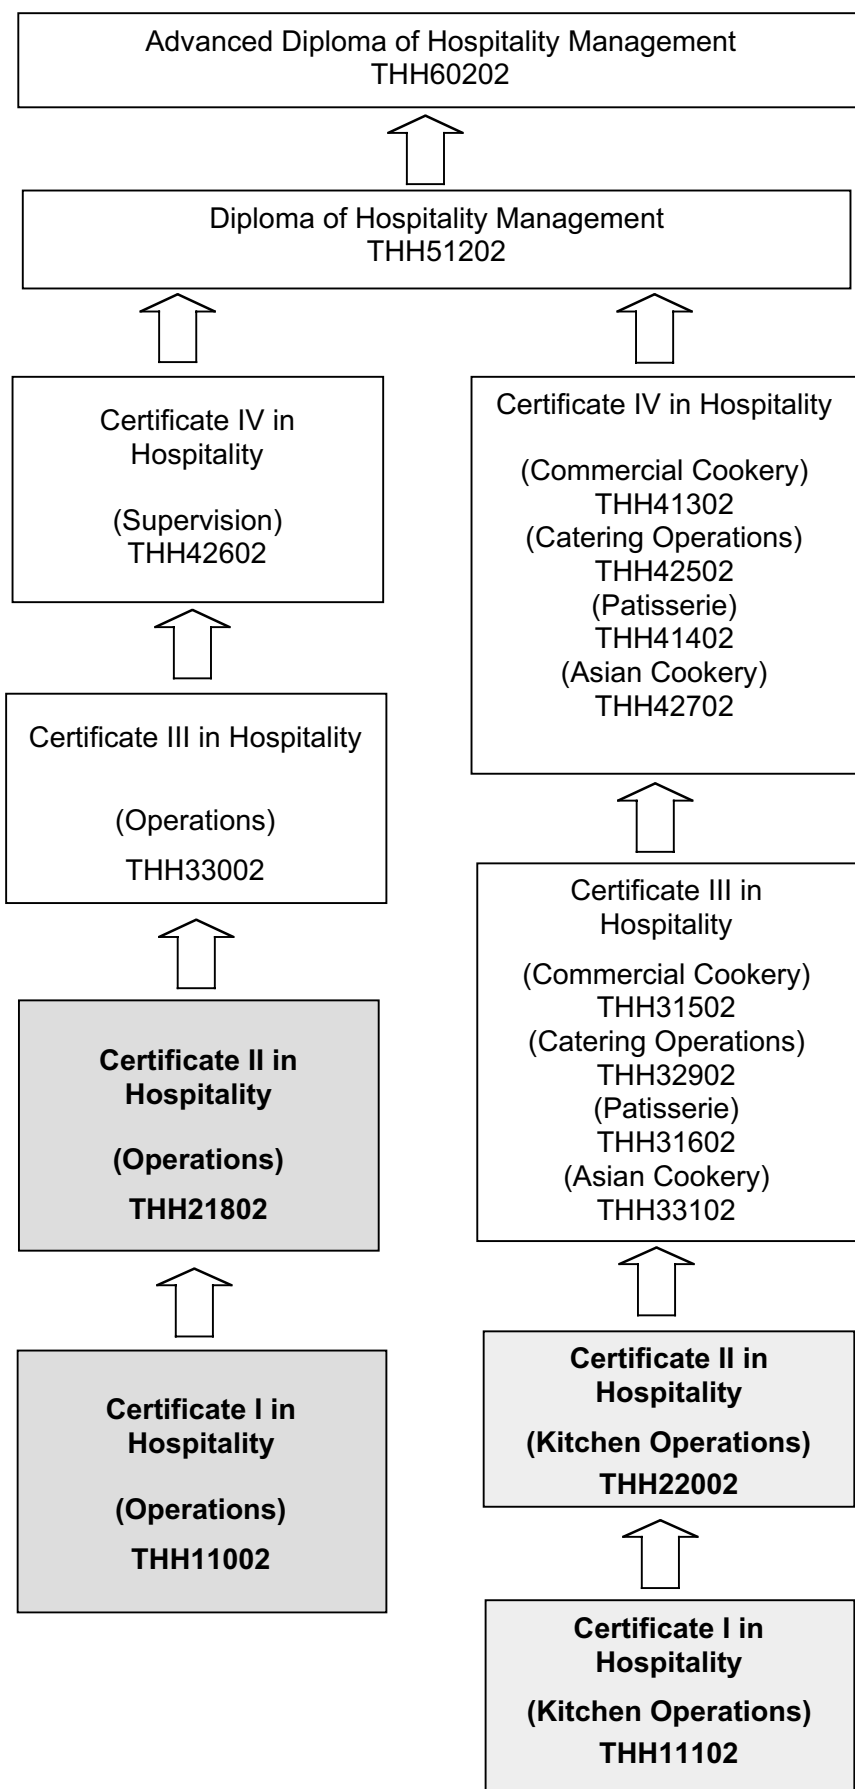

7.1 Training Package qualifications

The Hospitality Curriculum Framework is based on the national Hospitality Training Package (THH02).

This training package incorporates six nationally recognised qualification levels ranging from AQF Certificate I to an Advanced Diploma of Hospitality Management, based on the national Hospitality competency standards. These qualifications are shown in Table 1. Packaging requirements for qualifications are reproduced in Section 15.

The qualifications and/or statements of attainment showing partial completion available in the Hospitality Curriculum Framework are shaded.

Table 1. Qualifications available within the Hospitality Training Package

Certificate I is an entry-level employment qualification, designed to reflect the role of entry-level employees who perform routine tasks under direct supervision. It is recommended by industry that training commence at Certificate I level.

Certificate II is designed to reflect the role of hospitality employees who perform a range of activities and functions requiring basic operational knowledge and limited practical skills in a defined context. They may be multi-skilled across more than one functional area of hospitality.

Certificate III is designed to reflect the role of hospitality employees who perform a range of skilled operations with the need to apply discretion and judgement.

The qualifications in Hospitality available in the Hospitality Curriculum Framework are:

- Certificate I in Hospitality (Operations) THH11002
- Certificate I in Hospitality (Kitchen Operations) THH11102
- Certificate II in Hospitality (Operations) THH21802
- Certificate II in Hospitality (Kitchen Operations) THH22002.

If a qualification is only partly achieved, a Statement of Attainment can be issued for successful achievement of a single unit or for a group of units. At a later date, a person can undertake further skill development or training and be assessed against additional competencies until they have achieved all the competencies required for a full qualification. RTOs must recognise and give credit for the competencies that have been recorded on a Statement of Attainment.

In addition the following Statement of Attainment may also be awarded:

- Statement of Attainment towards Certificate III in Hospitality (Operations) THH33002.

7.2 Units of competency included in the Hospitality Curriculum Framework

The Hospitality Curriculum Framework includes the following units of competency from the Hospitality Training Package.

8 Course structures

8.1 Courses within the Hospitality Curriculum Framework

An industry curriculum framework for the Higher School Certificate describes the units of competency that have been identified as being suitable for the purposes of the Higher School Certificate. Units of competency in the Hospitality Curriculum Framework are detailed in Table 2.

Each course in a framework describes how the available units of competency can be grouped to gain units of credit towards the Higher School Certificate.

The Hospitality Curriculum Framework includes the following courses:

- Hospitality (120 indicative hours)
- Hospitality (240 indicative hours)
- Hospitality Extension (60 indicative hours)
- Hospitality Extension (120 indicative hours).

The selection of units of competency within course structures should provide the opportunity for students to achieve eligibility for a qualification. Section 8.2 provides information and HSC course structures and AQF qualifications. Section 15 outlines the qualification packaging rules for each qualification contained within the Hospitality Industry Curriculum Framework. Both sections should be consulted when designing courses.

Compulsory units of competency are those which are mandatory to study for the **HSC** course. **Core** units of competency are those required under the **AQF** to be eligible for the vocational qualification. Refer to Table 3 and 4.

8.3 Allocation of HSC indicative hours of credit

Units of competency drawn from industry training packages are not defined in terms of duration. The amount of time required by individual students to achieve competency will vary according to their aptitude and experience. Where a training program is designed for delivery by an RTO, the RTO will specify the length of the training program according to the curriculum resources/delivery strategies chosen.

However, for the purposes of the Higher School Certificate, courses must be described in terms of their indicative hours. Courses are 120 indicative hour courses, 240 indicative hour courses or (in the case of extension courses) 60 indicative hour courses.

For this reason, indicative hours for unit credit towards the Higher School Certificate have been assigned to each unit of competency within the framework. It is emphasised that the assignment of indicative hours does not imply that all students will fulfil all requirements of a unit of competency within these hours. RTOs may determine that additional or fewer hours are required for the achievement of particular competencies. However this does not alter the indicative hours allocated in Table 2, only the delivery hours. It is also expected that students will need to spend additional time in practising skills in a work environment and in completing projects and assignments, in order to fulfil industry assessment requirements.

Table 2 lists the indicative hours assigned to each unit of competency included in the Hospitality Curriculum Framework for the purpose of unit credit towards the Higher School Certificate.

8.4 Hospitality (120 indicative hours)

Purpose

The purpose of this course is to provide students with basic skills and knowledge as preparation for entry-level employment in a hospitality environment.

Course Structure

This course is comprised of six compulsory units of competency and three strands – Commercial Cookery (five units of competency), Food and Beverage (three units of competency) and Accommodation Services (four units of competency).

120 indicative hour courses are accredited for a total of two Preliminary and/or HSC level units

Course Requirements

Students must undertake **ALL** compulsory units of competency plus **ALL** units of competency from **ONE** of the strands – commercial Cookery **or** Food and Beverage **or** Accommodation Services.

Students must complete a minimum of 35 hours of mandatory work placement.

Qualifications

To receive AQF qualifications, students must meet the assessment requirements of the Hospitality Training Package. A qualified assessor must conduct assessment.

Qualification rules are contained in Section 15 of Part A of this syllabus.

Further information on assessment is included in Section 11 of Part A of this syllabus.

8.5 Hospitality (240 indicative hours)

Purpose

The purpose of this course is to provide students with the opportunity to gain a range of skills and knowledge suitable for employment in a hospitality environment and to provide pathways for university and other tertiary study.

Course structure

This course is comprised of eight compulsory units of competency and a choice of three compulsory strands – Commercial Cookery (four units of competency), Food and Beverage (five units of competency) and Accommodation Services (six units of competency). It also offers an elective pool of sixteen units of competency.

Section 15 outlines the qualification packaging rules for each qualification contained within the Hospitality Industry Curriculum Framework. This section should guide the selection of units of competency.

It is recommended that the combination of units of competency should be chosen to focus on an occupational outcome.

240 indicative hour courses are accredited for a total of four Preliminary and/or HSC level units.

Course requirements

Students must attempt:

- **ALL** compulsory units of competency
- **ALL** units of competency from **ONE** of the three strands – Commercial Cookery **or** Food and Beverage **or** Accommodation Services
- **AND** a selection of units of competency from the elective pool **and** strands not already undertaken by students. In order to meet the 240 indicative hour requirement:
 - students completing the strand Commercial Cookery will need to do a minimum of 65 hours of selected units of competency
 - students completing the strand Food and Beverage will need to do a minimum of 70 hours of selected units of competency
 - students completing the strand Accommodation Services will need to do a minimum of 65 hours of selected units of competency.

Students must complete a minimum of 70 hours of mandatory work placement.

An external written Higher School Certificate examination will be conducted for this course. This examination is optional. Students undertaking the course will nominate during the HSC year whether or not they elect to undertake the external written examination.

Dependent upon the selection and achievement of units of competency, possible qualification outcomes are:

Commercial Cookery and Food and Beverage and Accommodation Services:

Certificate II in Hospitality (Operations) THH21802, **OR**

Statement of Attainment towards Certificate III in Hospitality (Operations) THH33002, **OR**

Commercial Cookery:

Statement of Attainment towards Certificate II in Hospitality (Kitchen Operations) THH22002.

Qualifications

To receive AQF qualifications, students must meet the assessment requirements of the Hospitality Training Package. A qualified assessor must conduct assessment.

Qualification rules are outlined in Section 15 of Part A of this syllabus.

Further information on assessment is included in Section 11 of Part A of this syllabus.

8.6 Hospitality Extension (60 or 120 indicative hours)

Purpose

The purpose of extension courses is to provide students with the opportunity to gain credit towards additional qualifications in Hospitality – Certificate III in Hospitality (Operations) or Certificate II in Hospitality (Kitchen Operations). They are available to all students undertaking Hospitality (240 indicative hours) but are intended especially for students with a particular interest and aptitude in this industry area.

The maximum number of Preliminary and/or HSC units available from this framework is six units. That is, courses can total up to 360 hours. Students are excluded from studying both the 60-hour and 120-hour extension courses.

Prior to offering extension courses, schools should ensure that the RTO undertaking delivery has scope for extension of students.

Course structure

The extension course can consist of any units of competency drawn from Hospitality (240-hour course) not previously attempted by students or from the additional commercial cookery units of competency contained in Table 7.

Section 15 outlines the qualification packaging rules for each qualification contained within the Hospitality Industry Curriculum Framework. This section should guide the selection of units of competency.

It is recommended that the combination of units of competency should be chosen to focus on an occupational outcome.

Only students who have attempted the Commercial Cookery strand of the 240-hour course should undertake units from the additional commercial cookery units of competency.

The 60 indicative hour course is accredited for a total of one Preliminary and/or HSC level unit. The 120 indicative hour course is accredited for a total of two Preliminary and/or HSC level units.

Course requirements

Students may only elect to study extension courses if they are currently enrolled in, or have completed, the Hospitality (240-hour) course.

60 indicative hour courses:

Units should be selected to a minimum of 60 indicative hours.

Students must complete a minimum of 14 additional hours of mandatory work placement.

120 indicative hour courses:

Units should be selected to a minimum of 120 indicative hours.

Students must complete a minimum of 35 additional hours of mandatory work placement.

Dependent upon the selection and achievement of units of competency, possible qualification outcomes are:

Statement of Attainment towards Certificate III in Hospitality (Operations) THH33002, **OR**

Commercial Cookery extension:

Certificate II in Hospitality (Kitchen Operations) THH22002

Qualifications

To be eligible to receive AQF qualifications, students must meet the assessment requirements of the Hospitality Training Package. A qualified assessor must conduct assessment.

Qualification rules are outlined in Section 15 of Part A of this syllabus.

Further information on assessment is included in Section 11 of Part A of this syllabus.

9 Outcomes and content

9.1 Units of competency

Details about individual units of competency included in the Hospitality Curriculum Framework for the Higher School Certificate are contained in Part B of this syllabus. Part B details unit of competency content and HSC requirements and advice.

The text for each unit of competency in the Hospitality Curriculum Framework is reproduced exactly from the Hospitality Training Package. Units of competency consist of:

- elements of competency
- performance criteria
- range statement
- evidence guide, including
 - essential knowledge and skills to be assessed
 - linkages to other units
 - critical aspects of assessment
 - context of assessment and resource implications
 - assessment methods.

In addition, Part B of this syllabus contains an additional section entitled *HSC Requirements and Advice*. This section prescribes the scope of learning and minimum experiences expected for each unit of competency.

The units of competency to be delivered and assessed are determined by the scope of registration of each RTO. Teachers and trainers should check their RTO's scope of registration before determining which units of competency are to be included in their teaching and assessment programs. School principals should seek documentary evidence of the scope of any external RTO delivering the HSC course. Scope of registration can be checked on the National Training Information Services (NTIS) website (www.ntis.gov.au).

Information about the delivery of training programs by RTOs other than schools or TAFE colleges are contained in the Board of Studies *Assessment, Certification and Examination (ACE) Manual* or relevant Board of Studies Official Notices.

Units of competency may also be accessed from the National Hospitality Training Package and from the National Training Information Service (NTIS) website (www.ntis.gov.au).

9.2 Course delivery

RTOs offering training programs which deliver HSC Hospitality courses must take into consideration details provided in *HSC Requirements and Advice* (including key terms and concepts) as well as the following details for each unit of competency: the elements of competency, performance criteria, range statement and all aspects of the evidence guide.

Within the evidence guide, particular attention should be given to details provided under *Linkages with Other Units* (to ensure any pre-requisite/co-requisite requirements have been met), the *Essential*

Knowledge and Skills to be Assessed and the *Range Statement*. The Range Statement frequently makes reference to ‘may include.’ This has been clarified in the HSC Requirements and Advice column to prescribe what learning experiences **must** be included for the HSC. Where the Range Statement states ‘must include’ it has not been repeated in the HSC column. As it is compulsory learning for the training package, it is therefore compulsory learning for the HSC.

It is the responsibility of the RTO to determine both the resources required for course delivery and the qualifications required by teachers and trainers delivering courses within the Hospitality Curriculum Framework on behalf of the RTO.

Separate advice on learning materials, resource requirements and teacher qualifications is available from school system authorities.

Further advice on curriculum materials that may be used to support the delivery of courses within the Hospitality Curriculum Framework is contained in the Hospitality Support Document and Resource List. This information is provided as a guide to RTOs delivering HSC courses within the curriculum framework. The use of the resources listed is not mandatory.

10 Work placement

The courses in VET industry curriculum frameworks have been designed to deliver specified units of competency. The units of competency have been drawn from industry training packages. They have associated indicative hours to guide schools and other deliverers.

Work placement is a mandatory HSC requirement of each course within this framework and the required hours have been assigned to the work placement requirement for each course.

Learning in the workplace will enable students to:

- progress towards the achievement of industry competencies
- develop appropriate attitudes towards work
- learn a range of behaviours appropriate to the industry
- practise skills acquired off the job in a classroom or workshop
- develop additional skills and knowledge, including the key competencies.

The mandatory work placement requirements for courses in this framework are not intended to indicate the time required for the achievement of units of competency. The amount of workplace learning required for competency achievement will vary from student to student. Assessment of the units of competency is to be undertaken by a qualified assessor(s) either in a work placement or in classroom delivery.

Work placement requirement

Students are required to complete the following mandatory work placement:

- Hospitality (120 indicative hours)
 - a minimum of 35 hours in a workplace
- Hospitality (240 indicative hours)
 - a minimum of 70 hours in a workplace
- Hospitality Extension (60 indicative hours)
 - a minimum of 14 additional hours in a workplace
- Hospitality Extension (120 indicative hours)
 - a minimum of 35 additional hours in a workplace.

It is the responsibility of the school or other RTO to determine how course outcomes are best to be achieved and to structure delivery accordingly. If additional work placement or classroom time is required to enable individual or class groups of students to achieve the competencies, this will be determined by the deliverer but does not affect the indicative HSC hours.

Further information and advice on the implementation of work placement is contained in policy statements or guidelines available from the relevant school system authority or RTO.

Part-time work

Under some circumstances, students' part-time work in an appropriate workplace may be used to fulfil work placement requirements. For further details, teachers and principals should consult the Board of Studies *Assessment, Certification and Examination (ACE) Manual* or relevant Board of Studies Official Notices.

11 Assessment requirements and advice

Assessment is the process of gathering information and making judgements about student achievement for a variety of purposes. In the Higher School Certificate, those purposes include:

- assisting student learning
- evaluating and improving teaching and learning programs
- certifying satisfactory achievement and completion of courses
- reporting achievement in the Higher School Certificate.

For VET courses, they also include assessment for the purpose of achieving AQF Certificates and Statements of Attainment.

The information in this section relates to the Board of Studies' requirements for assessing and reporting achievement in the Higher School Certificate. In this context, *assessing* refers to competency-based assessment and to external examinations. *Reporting* refers to the documents used by the Board of Studies NSW and RTOs to report both measures of achievement.

11.1 Competency-based assessment

The courses within the Hospitality Curriculum Framework are competency-based courses. The Board of Studies and the Vocational Education and Training Accreditation Board (VETAB) require that a competency-based approach to assessment be used and that a record be held by the RTO of the competencies achieved.

In a competency-based course, assessment of competencies is standards-referenced. This means that a participant's performance is judged against a prescribed standard, not against the performance of other participants.

The purpose of assessment is to judge competence on the basis of performance against the performance criteria set out under each element of competency. A participant is judged either competent or not yet competent. This judgement is made on the basis of a range of evidence, which may be in a variety of forms.

Competency-based assessment is based on the requirements of the workplace. Competence incorporates all aspects of work performance, including problem-solving and the capacity to apply skills and knowledge in both familiar and new situations. Assessment of competence involves the assessment of skills and knowledge combined.

It is not necessary, nor is it desirable, for individual performance criteria to be demonstrated separately for assessment purposes. Rather, assessors should adopt an integrated or holistic approach to

assessment. This means that a number of elements of competency or even several units of competency are assessed together. This method of assessment is encouraged in line with the concept of competence as the integration of a wide range of skills, knowledge and attitudes.

11.2 Training package requirements

To achieve an AQF Certificate or Statement of Attainment, a student or worker must be assessed as competent according to the requirements set out in the National Training Package. A qualified assessor under the auspices of the RTO that is to issue the qualification must conduct the assessment.

Assessment guidelines

The assessment guidelines of a training package are, along with qualifications and units of competency, one of the three endorsed components (mandatory components) of the package.

The role of the assessment guidelines is to provide the principles and guidance to ensure that assessment is fair, valid, consistent and to industry standard. Extracts from the assessment guidelines are to be found in the Support Document for this syllabus.

The assessment guidelines of the Hospitality Training Package set out information on:

- the assessment system
- assessment principles and options
- assessor qualifications and using qualified assessors
- designing and conducting assessments
- recording and reporting of assessment outcomes
- appeal, reassessment and audit processes
- assessment resources.

The full text of the assessment guidelines is included in the national Hospitality Training Package and on the National Training Information Service (NTIS) website (www.ntis.gov.au).

In addition to the assessment guidelines, the Hospitality Training Package contains an evidence guide for assessment of each unit of competency. These requirements are set out within the text of each unit of competency in Part B of the syllabus.

Using qualified assessors

The assessment guidelines in the Hospitality Training Package specify that a qualified assessor must conduct assessment.

In general terms, there are two components of assessor qualification:

- a minimum qualification as a workplace assessor
- a minimum level of technical competence based on current knowledge of and/or experience in industry.

It is important to note that one individual need not meet the two components of assessor qualification. The ‘qualified assessor’ might consist of an assessment team in which one partner has assessor qualifications and the other has industry knowledge.

Assessors must have the following assessment units of competency from the Training Package for Assessment and Workplace Training, or must have demonstrated equivalent competencies:

- BSZ401A Plan assessment
- BSZ402A Conduct assessment
- BSZ403A Review assessment
- **plus** the relevant vocational competencies, at least to the level being assessed.

In the hospitality industry, competence in the relevant standards should ideally be complemented by three years recent and relevant industry experience, including work experience in more than one enterprise. Supervisory and/or management experience may also be of benefit.

11.3 The Competency Record Book

The competency record book forms a permanent record of all units and elements of competency demonstrated by students undertaking courses within the Hospitality Curriculum Framework.

Achievement of elements of competency and units of competency should be progressively recorded in the student log. It should be noted that:

- all performance criteria need to be met to demonstrate the achievement of an element of competency
- all elements of competency must be achieved in order to demonstrate the achievement of a unit of competency.

As stated in Section 11.1 of this syllabus it is emphasised that elements and performance criteria need not (and should not) be assessed individually.

11.4 HSC Examination: Hospitality (240 indicative hours)

The Higher School Certificate examination in Hospitality is optional. It will consist of a written examination. Students will nominate during the HSC year whether they will undertake the optional examination. Students choosing to undertake the examination can have their mark contribute to the UAI.

The examination is independent of the competency-based assessment undertaken during the course and has no impact on student eligibility for AQF qualifications.

11.5 Higher School Certificate Examination specifications

The examination in Hospitality is a two-hour written paper worth 100 marks. The paper is marked out of 80. The total marks gained are then converted to a final mark out of 100.

The paper will be based on three areas.

- 1 Compulsory units of competency in Hospitality (240 indicative hours), including:
 - elements of competency
 - performance criteria
 - range statement
 - evidence guide, including
 - essential knowledge and skills to be assessed
 - critical aspects of assessment
 - context of assessment and resource implications.

The compulsory units of competency are:

Unit code	Unit title
THHCOR01B	Work with colleagues and customers
THHCOR02B	Work in a socially diverse environment
THHCOR03B	Follow health, safety and security procedures
THHGHS01B	Follow workplace hygiene procedures
THHGHS02B	Clean premises and equipment
THHGGA01B	Communicate on the telephone
THHGGA06B	Receive and store stock
THHHCO01B	Develop and update hospitality industry knowledge

AND

Commercial Cookery strand

THHBKA01B	Organise and prepare food
THHBKA02B	Present food
THHBCC01B	Use basic methods of cookery
THHBCC11B	Implement food safety procedures

OR

Food and Beverage strand

THHGCS02B	Promote products and services to customers
THHBFB02B	Provide a link between kitchen and service areas
THHBFB03B	Provide food and beverage service
THHBFB10B	Prepare and serve non-alcoholic beverages
THHBCC11B	Implement food safety procedures

OR

Accommodation Services strand

THHGCS02B	Promote products and services to customers
THHGGA02B	Perform office procedures
THHGFA01B	Process financial transactions
THHBH01B	Provide housekeeping services to guests
THHBH03B	Prepare rooms for guests
THTSOP06B	Receive and process reservations

- 2 Minimum prescribed learning contained in the HSC requirements and advice for each compulsory unit of competency (see *Hospitality Curriculum Framework Part B*), described as:
 - key terms and concepts, and
 - learning experiences for the HSC.
- 3 Associated key competencies

The paper will consist of THREE sections.

Section I (15 marks)

- There are 15 multiple-choice questions.
- All questions in this section are compulsory.
- All questions are of equal value.

Section II (35 marks)

- The questions in this section are short-response items, in parts.
- All questions in this section are compulsory.
- Question parts will range in value.

Section III (30 marks)

- The questions in this section are extended-response items.
- Students must attempt TWO questions:
 - one question from the compulsory units
 - one question from a strand
- All questions are of equal value.

12 HSC requirements and certification

12.1 Course Completion Requirements

For a student to be considered to have satisfactorily completed a course within the Hospitality Curriculum Framework there must be sufficient evidence that the student has:

- followed the course developed or endorsed by the Board
- applied themselves with diligence and sustained effort to the set tasks and experiences provided in the course by the school
- achieved some or all of the course outcomes
- undertaken the mandatory work placement.

12.2 Preliminary and HSC unit credit

To facilitate flexibility of VET in the Higher School Certificate, courses within the Hospitality Curriculum Framework may be delivered as Preliminary units, as HSC units or as a combination of Preliminary and HSC units.

12.3 Higher School Certificate Record of Achievement

Courses within the Hospitality Curriculum Framework will be listed on the Higher School Certificate Record of Achievement, together with the unit value of the course.

No mark will be listed for the achievement of competency but the Record of Achievement will refer to the AQF Certificates and Statements of Attainment, which will be issued separately.

For students enrolled in Hospitality (240 indicative hours) and who undertake the written HSC examination, a scaled examination mark out of 100 will be recorded on the Higher School Certificate Record of Achievement. No school-based assessment mark will be recorded.

12.4 AQF qualifications

When a student has been assessed they can receive formal recognition of their competencies. This formal recognition of competencies leads to a Statement of Attainment or a qualification.

To achieve a **qualification**, a person must achieve the full set of units of competence as specified in the training package qualification packaging rules.

If a qualification is only partly achieved, a **Statement of Attainment** can be issued for successful achievement of a single unit or for a group of units. At a later date, the person can undertake further

skill development or training and be assessed against additional competencies until they have achieved all the competencies required for a full qualification. RTOs must recognise and give credit for the competencies that have been recorded on a Statement of Attainment.

Requirements for each qualification are outlined in Section 15.

Students who undertake the following HSC courses may be eligible for AQF certification as described below.

- **Hospitality (120 indicative hours)** **[Refer to Section 8.4]**
 - Certificate I in Hospitality (Operations) THH11002, **OR**
Commercial Cookery strand only:
 - Certificate I in Hospitality (Kitchen Operations) THH11102
- **Hospitality (240 indicative hours)** **[Refer to Section 8.5]**
 - Certificate II in Hospitality (Operations) THH21802, **OR**
 - Statement of Attainment towards Certificate III in Hospitality (Operations) THH33002,
OR
Commercial Cookery strand only:
 - Statement of Attainment towards Certificate II in Hospitality (Kitchen Operations) THH22002
- **Extension courses** **[Refer to Section 8.6]**
 - Statement of Attainment towards Certificate III In Hospitality (Operations) THH33002,
OR
Commercial Cookery strand only:
 - Certificate II in Hospitality (Kitchen Operations) THH22002

13 Other information

13.1 Providing for all students

Students with Special Education Needs

Courses within the Hospitality Curriculum Framework are available to all students.

Students with special education needs who meet the eligibility requirements for undertaking Stage 6 Life Skills courses may access:

- all courses within the Hospitality Curriculum Framework under regular course arrangements
- OR
- units of competency selected through the individual transition-planning process from the relevant course units of competency detailed in Table 2 (section 7) of this syllabus.

The latter option recognises that students with special education needs may require additional time to demonstrate the required level of competence.

The appropriate units of competency will be selected through the individual transition-planning process and should be directed towards the achievement of an AQF Certificate.

It is recommended that the individual transition planning should prioritise the core units of competency as they provide essential foundation skills for employment in the hospitality industry. Additional units of competency should then be selected according to the identified individual needs of the student.

Successful participation in courses within the Hospitality Curriculum Framework for students with special education needs will require:

- transition planning to meet individual needs
- prevocational preparation
- appropriate methods for course delivery and assessment
- ongoing partnerships between schools, students, parents, teachers, employers and others in the community.

To develop skills and knowledge to industry standard, students with special education needs may require extended time and additional support off the job and in the workplace.

Further advice on the implementation of the Hospitality Curriculum Framework for students with special education needs is contained in the *Stage 6 Industry Curriculum Framework Support Document for Students with Special Education Needs*. This document is available on the Board of Studies website.

Work placement

Students with special education needs must undertake the minimum work placement requirements for courses within the Hospitality Curriculum Framework. These requirements are detailed in the course requirements for each course and in section 10 of this syllabus.

Assessment

Students with special education needs are subject to the assessment requirements detailed in Section 11 of this syllabus.

AQF qualifications

Students with special education needs are eligible for AQF qualifications under the same arrangements as for all students. To receive AQF qualifications, students must meet the assessment requirements of the Hospitality Training Package. Assessment must be conducted by a qualified assessor.

Eligibility to enrol in Life Skills courses in Stage 6

In general, students entering a Life Skills course in Stage 6 will have completed at least four Life Skills courses in Stage 5. In special circumstances, a student who has not undertaken at least four Life Skills courses in Stage 5 may wish to enrol in Life Skills courses in Stage 6.

These special circumstances might include situations where:

- a student has attempted regular syllabuses for the School Certificate but has experienced significant difficulty
- a student transfers from interstate or overseas
- a student has a deteriorating condition.

The completion of a transition-planning process for each student is a condition of access to Life Skills courses in Stage 6.

The Board expects that the majority of students who enrol in Life Skills courses in Stage 6 will be students with an intellectual disability.

Gender and cultural considerations

Industry curriculum frameworks have been developed to address the needs of a broad range of students. Teaching and assessment programs in the Hospitality Curriculum Framework should be developed to minimise any gender or cultural bias. Case studies, illustrative examples and other materials used for teaching and assessment should be selected on the basis that they do not reinforce gender or cultural stereotypes.

Trainees

The Hospitality Curriculum Framework includes provision for trainees to fulfil their requirements and gain an AQF qualification.

Trainees who are seeking credit towards the Higher School Certificate for their training should undertake Hospitality (240 indicative hours).

Further information on requirements and arrangements for part-time traineeships in the hospitality industry is available from school system authorities, the Department of Education and Training and New Apprenticeship Centres.

13.2 Key competencies

The *key competencies* are competencies considered essential for effective participation in the emerging patterns of work and work organisations as well as in life generally. They focus on the capacity to apply knowledge and skills in an integrated way in work situations. Key competencies are generic in that they apply to work generally, rather than being specific to particular occupations or industries.

The key competencies referred to in this industry curriculum framework are:

- collecting, organising and analysing information
- communicating ideas and information
- planning and organising activities
- working with others and in teams
- using mathematical ideas and techniques
- solving problems
- using technology.

Each unit of competency included in this industry curriculum framework identifies the relationship between the unit and the key competencies. This relationship is represented by a performance level (1 to 3). The following provides a brief description of the performance levels.

Performance Level 1 describes the competence needed to undertake activities efficiently and with sufficient self-management to meet the explicit requirements of the activity and to make judgements about quality of outcome against established criteria.

Performance Level 2 describes the competence needed to manage activities requiring the selection, application and integration of a number of elements, and to select from established criteria to judge quality of process and outcome.

Performance Level 3 describes the competence needed to evaluate and reshape processes, to establish and use principles in order to determine appropriate ways of approaching activities, and to establish criteria for judging quality of process and outcome.

Key competencies are essential features of each of the units of competency and therefore consideration must be given to the ways in which they can be addressed when designing learning activities and assessment instruments.

13.3 Links between the Hospitality Curriculum Framework and other HSC courses

Students may draw on skills and knowledge acquired in the study of general education HSC subjects to develop competencies in Hospitality.

Learning in English, for example, will contribute to the development of communication and team competencies; learning in Business Studies to financial competencies; learning in Legal Studies to competencies related to occupational health and safety; and learning in Information Processes and

Technology, or Software Design and Development, to technology competencies. There are several Board developed and content endorsed courses which include options or modules in First Aid, which is an elective unit of competency in the Hospitality framework. Conversely, skills and knowledge acquired through learning and experience in Hospitality courses may assist students in achieving the learning outcomes of general education HSC courses.

Where students are undertaking VET courses in more than one industry curriculum framework, similar competencies may be required. In these cases, learning in one area may contribute significantly to learning in another. In particular, parts of the Hospitality Curriculum Framework have strong links to the Tourism Curriculum Framework, as well as to the Business Services Curriculum Framework and to the Entertainment Curriculum Framework.

Where students apply for recognition of competencies achieved in other contexts, they will need to present evidence that is acceptable to, and judged by, a qualified assessor as part of a Hospitality competency assessment. Students should be informed of the links between courses within the Hospitality Curriculum Framework and other courses that they are studying, and of possible assessment opportunities.

Students may not claim HSC unit credit twice for the same unit of competency. Where a student is undertaking two VET courses involving common units of competency, additional units of competency will need to be included in the student's program of study in one of the industry areas to make up the indicative hour requirements for Higher School Certificate unit credit.

Further advice on these matters is contained in the Hospitality support document and in the *Assessment, Certification and Examination (ACE) Manual* published by the Board of Studies (www.boardofstudies.nsw.edu.au)

13.4 Articulation to further training

Students achieving units of competency in this industry curriculum framework can apply to have those units recognised in other endorsed training package qualifications (such as Hospitality) which contain the same units of competency.

Students and teachers should study the qualifications within the Hospitality Training Package to identify possible training pathways.

Students who proceed to higher-level courses at TAFE or through other RTOs may be eligible for advanced standing in related university courses under arrangements between RTOs and universities.

Students seeking to gain credit towards AQF qualifications in other industries may use the qualifications gained in Hospitality as evidence of competency for related units of competency in any national training packages.

14 AQF level

The various levels of AQF VET qualifications reflect levels of performance and degrees of responsibility for one's own output and the output of others in a workplace context. The level of a qualification thus provides an indication of the standard of achievement expected, which is comparable across industries and provides a context for assessment.

Industry curriculum frameworks relate to VET sector AQF Levels I to III. Brief descriptions of AQF Levels I, II and III, adapted from the *Australian Qualifications Framework Implementation Handbook*¹, are provided below.

¹ Australian Qualifications Framework (AQF) Advisory Board, 2002, *Australian Qualifications Framework Implementation Handbook*, 3rd edn, Carlton, Vic.

AQF Level I

Work is likely to be carried out under direct supervision. Breadth, depth and complexity of knowledge and skills would prepare a person to perform a defined range of activities, most of which would be routine and predictable.

An individual demonstrating competencies at this level would be able to:

- demonstrate knowledge by recall in a narrow range of areas
- demonstrate basic practical skills, such as the use of relevant tools
- perform a sequence of routine tasks given clear direction
- receive and pass on messages/information.

AQF Level II

Work is likely to be carried out under direct supervision. Breadth, depth and complexity of knowledge and skills would prepare a person to perform in a range of varied activities or knowledge application where there is a clearly defined range of contexts in which the choice of actions required is usually clear and there is limited complexity in the range of options to be applied.

An individual demonstrating competencies at this level would be able to:

- demonstrate basic operational knowledge in a moderate range of areas
- apply a defined range of skills
- apply known solutions to a limited range of predictable problems
- perform a range of tasks where choice is required between options within a limited range
- assess and record information from various sources
- take limited responsibility for one's own outputs in work and learning.

AQF Level III

Breadth, depth and complexity of knowledge and competencies would cover the selecting, adapting and transferring of skills and knowledge to new environments, and providing technical advice and some leadership in the resolution of specific problems. This would be applied across a range of roles in a variety of contexts, with some complexity in the extent and choice of options available.

An individual demonstrating these competencies would be able to:

- perform a defined range of skilled operations usually within a range of broader, related activities involving known routines, methods and procedures
- exercise some discretion and judgement in the selection of equipment, services or contingency measures
- operate within known time constraints
- take some responsibility for others
- participate in teams, including group or team coordination.

AQF Statements of Attainment and Certificates are ONLY issued on the basis of successful achievement of competency as determined by a qualified assessor.

15 Minimum requirements for AQF Qualifications

Set out below are the units of competency available in the Hospitality Curriculum Framework and requirements for the AQF qualifications available in this framework. The information regarding the AQF qualification packaging rules is reproduced from the Hospitality Industry Training Package. It is included here so that the minimum requirements for achieving the industry qualifications are clear. Students who meet these requirements will be eligible for the relevant AQF Certificate, whether or not they have met the additional requirements of the HSC course.

Table 8. Units of Competency by functional area in the Hospitality Curriculum Framework

Units of competency		Functional area
THHCOR01B	Work with colleagues and customers	Common Core
THHCOR02B	Work in a socially diverse environment	Common Core
THHCOR03B	Follow health, safety and security procedures	Common Core
THHGHS01B	Follow workplace hygiene procedures	Hygiene, Health, Safety and Security
THHGHS02B	Clean premises and equipment	Hygiene, Health, Safety and Security
THHGGA01B	Communicate on the telephone	General Administration
THHGGA06B	Receive and store stock	General Administration
THHHCO01B	Develop and update hospitality industry knowledge	Hospitality Core
THHGCS01B	Develop and update local knowledge	Customer Service, Sales and Marketing
THHGCS02B	Promote products and services to customers	Customer Service, Sales and Marketing
THHGHS03B	Provide first aid	Hygiene, Health, Safety and Security
THHGGA02B	Perform office procedures	General Administration
THHGGA03B	Source and present information	General Administration
THHGFA01B	Process financial transactions	Financial Administration
BSBCMN108A	Develop keyboard skills	Computer Technology
THHBFB02B	Provide a link between kitchen and service areas	Food and Beverage
THHBFB03B	Provide food and beverage service	Food and Beverage
THHBFB10B	Prepare and serve non-alcoholic beverages	Food and Beverage
THHBFB12B	Prepare and serve espresso coffee	Food and Beverage
THHBFO02B	Provide accommodation reception services	Front Office
THHBFO10B	Provide porter services	Front Office
THTSOP06B	Receive and process reservations	Front Office
THTSOP08B	Operate a computerised reservations system	Front Office
THHBH01B	Provide housekeeping services to guests	Housekeeping

Units of competency		Functional area
THHBH03B	Prepare rooms for guests	Housekeeping
THHBH05B	Launder linen and guest clothes	Housekeeping
THHBH06B	Provide valet service	Housekeeping
THHBKA01B	Organise and prepare food	Commercial Cookery
THHBKA02B	Present food	Commercial Cookery
THHBKA03B	Receive and store kitchen supplies	Commercial Cookery
THHBKA04B	Clean and maintain kitchen premises	Commercial Cookery
THHBCC00B	Prepare sandwiches	Commercial Cookery
THHBCC01B	Use basic methods of cookery	Commercial Cookery
THHBCC02B	Prepare appetisers and salads	Commercial Cookery
THHBCC03B	Prepare stock, sauces and soups	Commercial Cookery
THHBCC04B	Prepare vegetables, eggs and farinaceous dishes	Commercial Cookery
THHBCC05B	Prepare and cook poultry and game	Commercial Cookery
THHBCC06B	Prepare and cook seafood	Commercial Cookery
THHBCC08B	Prepare hot and cold desserts	Commercial Cookery
THHBCC09B	Prepare pastry, cakes and yeast goods	Commercial Cookery
THHBCC11B	Implement food safety procedures	Commercial Cookery
THHCCH01A	Prepare, cook and serve food (holistic unit)	Commercial Cookery

The functional areas available within the Hospitality Industry Curriculum Framework are:

- Food and Beverage
- Front Office
- Housekeeping
- Commercial Cookery.

THH11002: Certificate I in Hospitality (Operations)

Core Units

THHCOR01B	Work with colleagues and customers
THHCOR02B	Work in a socially diverse environment
THHCOR03B	Follow health, safety and security procedures
THHHCO01B	Develop and update hospitality industry knowledge
THHGHS01B	Follow workplace hygiene procedures

Elective Units

Two (2) units selected from the functional areas of the Hospitality Training Package specified below:

- Food and Beverage
- Housekeeping

In all cases selection of electives must be guided by the job outcome sought, local industry requirements and the characteristics of this qualification (as per the AQF Descriptors). Only one language unit may be counted as an elective within this qualification.

THH21802: Certificate II in Hospitality (Operations)

Core Units

THHCOR01B	Work with colleagues and customers
THHCOR02B	Work in a socially diverse environment
THHCOR03B	Follow health, safety and security procedures
THHHCO01B	Develop and update hospitality industry knowledge
THHGHS01B	Follow workplace hygiene procedures

Elective Units

Six (6) units, with at least four (4) from one or more of the functional areas of the Hospitality Training Package specified below:

- | | |
|---------------------|-----------------------|
| ▪ Food and Beverage | ▪ Commercial Catering |
| ▪ Gaming | ▪ Commercial Cookery |
| ▪ Front Office* | ▪ Patisserie |
| ▪ Housekeeping** | ▪ Asian Cookery |

Remaining units may be selected from other areas of the Hospitality Training Package or any relevant endorsed Training Package. Only one language unit may be counted as an elective within this qualification.

* For a Front Office job outcome, the following general areas of the Hospitality Training Package may also be considered as functional areas:

- Computer Technology
- General Administration
- Financial Administration.

** For a Housekeeping job outcome, relevant cleaning units from the Asset Maintenance Training Package as well as the following general areas of the Hospitality Training Package may be considered as functional areas:

- Hygiene, Health, Safety and Security
- Computer Technology
- General Administration.

Where the competencies involve the service of alcohol, the Unit THHBFB09B Provide responsible service of alcohol must be included.

In all cases, selection of electives must be guided by the job outcome sought, local industry requirements and the characteristics of this qualification (as per the AQF Descriptors). Only one language unit may be counted as an elective within this qualification.

THH33002: Certificate III in Hospitality (Operations)

Core Units

THHCOR01B	Work with colleagues and customers
THHCOR02B	Work in a socially diverse environment
THHCOR03B	Follow health, safety and security procedures
THHHCO01B	Develop and update hospitality industry knowledge
THHGHS01B	Follow workplace hygiene procedures
THHGGA01B	Communicate on the telephone
THHGCS02B	Promote products and services to customers
THHGCS03B	Deal with conflict situations
THHGTR01B	Coach others in job skills

Elective Units

Ten (10) units, with at least five (5) from one or more from the functional areas of the Hospitality or Tourism Training Packages specified below:

- | | |
|-----------------------|-----------------------------|
| ▪ Food and Beverage | ▪ Patisserie |
| ▪ Gaming | ▪ Asian Cookery |
| ▪ Front Office* | ▪ Sales / Office Operations |
| ▪ Housekeeping** | ▪ Wine Tourism |
| ▪ Commercial Catering | ▪ Commercial Cookery |

Remaining units may be selected from other areas of the Hospitality Training Package or any relevant endorsed Training Package. Only one language unit may be counted as an elective within this qualification.

* For a Front Office job outcome, the following general areas of the Hospitality Training Package may also be considered as functional areas:

- Computer Technology
- General Administration
- Financial Administration.

** For a Housekeeping job outcome, relevant cleaning units from the Asset Maintenance Training Package as well as the following general areas of the Hospitality Training Package may be considered as functional areas:

- Hygiene, Health, Safety and Security
- Computer Technology
- General Administration.

Where the competencies involve the service of alcohol, the Unit THHBFB09B Provide responsible service of alcohol must be included.

In all cases selection of electives must be guided by the job outcome sought, local industry requirements and the characteristics of this qualification (as per the AQF Descriptors). Only one language unit may be counted as an elective within this qualification.

THH11102: Certificate I in Hospitality (Kitchen Operations)

Core Units

THHCOR01B	Work with colleagues and customers
THHCOR02B	Work in a socially diverse environment
THHCOR03B	Follow health, safety and security procedures
THHHCO01B	Develop and update hospitality industry knowledge
THHGHS01B	Follow workplace hygiene procedures
THHBKA01B	Organise and prepare food
THHBKA02B	Present food
THHBKA03B	Receive and store kitchen supplies
THHBKA04B	Clean and maintain kitchen premises

Elective Units

One (1) unit from the cookery-related areas of the Hospitality Training Package specified below:

- Commercial Cookery (THHBCC00 – 10B)
- Commercial Catering (THHBCAT01 – 06B)

In all cases selection of electives must be guided by the job outcome sought, local industry requirements and the characteristics of this qualification (as per the AQG descriptors).

THH22002: Certificate II in Hospitality (Kitchen Operations)

Core Units

THHCOR01B	Work with colleagues and customers
THHCOR02B	Work in a socially diverse environment
THHCOR03B	Follow health, safety and security procedures
THHHCO01B	Develop and update hospitality industry knowledge
THHGHS01B	Follow workplace hygiene procedures
THHBKA01B	Organise and prepare food
THHBKA02B	Present food
THHBKA03B	Receive and store kitchen supplies
THHBKA04B	Clean and maintain kitchen premises
THHBCC01B	Use basic methods of cookery
THHCCH01A	Prepare, cook and serve food (holistic unit)

Elective Units

Five (5) units, with at least three (3) from one or more of the cookery-related areas of the Hospitality Training Package specified below:

- Commercial Cookery (THHBCC00B or THHBCC02 – 10B)
- Commercial Catering (THHBCAT02 – 6B)

Remaining units may be selected from other sections of the Hospitality Training Package or any relevant endorsed Training Package.

In all cases selection of electives must be guided by the job outcome sought, local industry requirements and the characteristics of this qualification (as per the AQF descriptors).

16 Glossary

ANTA	Australian National Training Authority.
AQF	Australian Qualifications Framework. The AQF is a comprehensive policy framework defining all qualifications recognised nationally in post-compulsory education and training in Australia. The qualification level depends on the depth, complexity and the degree of autonomy involved in the work. The Australian Qualifications Framework comprises guidelines which define each qualification, together with principles and protocols covering articulation, issuing of a qualification, and transition arrangements.
AQTF	Australian Quality Training Framework. The AQTF is a comprehensive approach to national recognition of vocational education and training (VET). It is based on a quality-assured approach to the registration of providers that assess competency outcomes and issue qualifications. It includes mutual recognition, processes for registering training organisations, and quality assurance.
assessment guidelines	The requirements of the assessment system in the industry's training package. This component is mandatory and needs to be read in conjunction with the assessment requirements of each competency standard.
AVETMISS	Australian Vocational Education and Training Management Information Statistical Standard.
competency standards/units of competency	<p>The specification of knowledge and skill and the application of that knowledge and skill to the standards of performance required in the workplace, expressed as a competency standard. They provide a description of the skills, knowledge and attitudes required to perform particular kinds of work. Competency standards also define the outcomes for training delivery, assessment and the issuing of qualifications and Statements of Attainment under the Australian Qualifications Framework.</p> <p>Units of competency are composed of elements of competency. They include performance criteria (which specify the required level of performance), the range of variables (which indicates the context for performance) and the evidence guide (which indicates the context for assessment).</p> <p>Competencies are developed nationally as an endorsed component of training packages or, where no relevant training package exists, as the basis for defining the learning outcomes of an accredited course.</p>
compliance assessment	A systematic and independent external assessment administered by a State Training Authority/State Recognition Authority to determine whether a Registered Training Organisation is operating effectively within its registered scope.
compulsory units of competency	Compulsory units of competency are those which are mandatory to study for the HSC course.
core units of competency	Core units of competency are those required under the AQF to be eligible for the qualification.

element of competency	The basic building blocks of the unit of competency. Elements of competency break down a unit of competency into workplace-related tasks.
ICFIP	Industry Curriculum Framework Information Package. This document is produced by the school system authorities to provide schools with information on teacher qualifications and resource requirements that must be adhered to for the delivery of vocational courses. It also includes quality assurance checklists that must be completed each year to demonstrate compliance with the Australian Quality Training Framework.
ITAB	Industry Training Advisory Body. ITABs are independent incorporated associations or companies that assist with the development of training programs. The national ITABs are also concerned with the development of National Training Packages.
mutual recognition	This encompasses Registered Training Organisations, qualifications and training products: <ul style="list-style-type: none">▪ Registered Training Organisations – acceptance by a State Recognition Authority/State Training Authority enabling a Registered Training Organisation to operate within its jurisdiction on the basis of its primary registration▪ qualifications – acceptance by a Registered Training Organisation of the recognition decisions of other Registered Training Organisations/State Recognition Authorities relating to the issuing of qualifications and Statements of Attainment, enabling individuals to receive full recognition of their achievements, including credit transfer where appropriate▪ training products – acceptance of recognised training products available in the training market. This includes endorsed training packages, training programs for packages, and accredited courses.
NTF	National Training Framework.
NTIS	National Training Information Service. The NTIS is a relational database that provides up-to-date information on recognised vocational education and training, including details of endorsed training packages and their components (competency standards, assessment guidelines and qualifications, and any non-endorsed components) together with details of Registered Training Organisations and their scope of registration. The web address for NTIS is www.ntis.gov.au
OHS	Occupational Health and Safety.
QRRRC	Qualifications, Recognition and Resource Requirements Committee. This committee determines the teacher qualifications and resource requirements for the delivery of VET courses in NSW schools. It also has responsibility for recognising teacher qualifications and recommending appropriate professional development for VET teachers. The committee includes representatives from the school systems, industry, TAFE NSW and the Office of the Board of Studies.

qualification	The defined set of competencies that establishes a specified identifiable point of achievement, relevant to industry and community needs, expressed in accordance with the titles of the Australian Qualifications Framework and recognised through endorsement as part of a training package or through accreditation. The credential awarded by a Registered Training Organisation demonstrates the achievement of the defined set of competencies.
RTO	Registered Training Organisation. Any training organisation registered in accordance with the Australian Recognition Framework providing vocational education, training and/or assessment services. Includes TAFE colleges/institutes, private commercial providers, community providers, schools, higher education institutions, enterprises and firms, industry bodies and any other organisation that meets the requirements for registration.
scope of registration	Defines the parameters of recognition as a Registered Training Organisation in respect of the products and services offered and the range of areas in which the organisation operates. Scope establishes whether the organisation is registered for training delivery and/or skill recognition services and the qualifications and Statements of Attainment it has been granted authority to issue, identified by training packages or accredited courses.
statement of attainment	The formal certification issued by a relevant approved body (Registered Training Organisation or State Recognition Authority), in recognition that a person has achieved some of the competencies identified for a particular qualification (within a training package, accredited course or customised qualification).
training packages	Comprehensive, integrated products that provide national benchmarks and resources for delivery, assessment and qualifications in vocational education and training. Training packages comprise endorsed components of national competency standards, assessment guidelines and qualifications, combined with non-endorsed components that may include learning strategies, assessment resources and professional development materials.
VET	Vocational Education and Training.
VETAB	The Vocational Education and Training Accreditation Board.
