2012 HSC - Aboriginal Studies

Band 4/5

Sample 3 Question 19(b)

A student must use ethical protocols and research practices because it is respectful to do so.

A student should call ~~an~~^{an} indigenous person and ask if it is okay to do certain things.

A student must tell them what they are coming to ask and what they are doing with the information.

The indigenous person has the right to say your not allowed to use the information. Students ~~should~~^{should} ~~should~~ give the indigenous person a copy of questions which are going to be asked, they should make sure they are allowed to use the information and how it should be presented. This is because students should understand that some knowledge is private and they may tell you but not let you use the information because they dont want everyone knowing certain things about the culture which is private.

They should acknowledge intellectual property and copy right because they cannot take the information as their own as that would be rude and ~~dis~~ disrespectful, and they may get in trouble.

They should ~~dis~~ follow the protocols because it is the respectful thing to do.
