~~Host~~: Now is 2015. Only five years will be 2020.

Host

The students have been recognised as a successful and involved community member. Today I will be asked to reflect on the Living and Working in the Community elective and its role in success.

Let's we welcome to some students. please ~~student~~ clapped for them.

student: Only five years will be 2020. Now is 2015.

I was ~~recognised~~ as recognised as a successful and involved community member. I will be answered to reflect on the Living and Working in the Community ~~electri~~ elective and its roles in success.

We are ~~to~~ learn Living and Working in the Community ~~it~~ include feature article, letter (formal letter — complaint and informal letter), blog, ~~and~~ advertisements, letters and email. They are many language feature for our learning. We are living and working in the community for us is good in the future. In the future, it can help us a lot of useful things in our lifestyle.
