They ~~have~~ have made new foods all over Australia so people can eat new healthy foods. People in Australia should be ~~aware~~ ^{aware} of the health issues in the foods because they could have an allergic reaction to some foods, or they can get food poisoning. And some of the food contains lots of fat in the food so people would gain lots of weight which isn't good for you, for example, take-away foods like McDonalds & kfc or ~~hungry~~ ^{hungry} ~~hacks~~ jacks etc. They are all fatty foods and there not really healthy for you. The best healthy foods are vegetables and fruits because they contain lots of vitamins which are healthy for the human body, and all so see food like tuna, tuna is healthy because it gives you protein which people need to have aswell.

To the extend, the food manufactures are starting to realease new to the ~~var~~ world products to sell and make more healthy foods for the people in Australia.
