|--|--|
| Sample 3 C   | Question 22  |
| *Client centred care is when all files and paper                                 | work   |
| to do with each and every client is only shar                                    |  |
| between the client and the PC or nurse on-duty.                                  | 55 W   |
| cave is only on the client being assessed.                                       |  |
| *Confidentiality is kept for all clients and is                                  | only   |
| shaved between the client and PC or nurse on                                     |  |
| The confidentiality of a client is kept properly                                 | W  |
| not exposed to others in respect to the client.                                  |  |
| * Duty of care that a PC or nurse has tow  | ards   |
| each and every patient is kept to a limit  |  |
| the PC/nurse has to work by in order   | and the second s |
| do their job right and to also have respect f                                    |  |
| all clients in their care. Duty of care  |  |
| set so that polnurses work by and if t   | 03.00  |
|  |  |
| breached the duty of care then action in be taken and the PC/nurses will have to | ,  |
| suffer the consignences.   |  |
|  |  |
|  |  |
