

Question 20 (7 marks)

- (a) What does the term *cultural diversity* mean? 2

Cultural diversity refers to the places that people with different cultures came from and also it means what specific and different cultures do.

- (b) How can aged care, health care facilities and/or allied health services cater for various cultures? 5

Aged care, health care facilities or allied health services can cater for ~~per~~ various cultures by having and knowing some background information for that culture, (eg: where they came from, what they do, what they eat and what language they speak or how they communicate.) The services can then cater for the cultures by ensuring they meet the people's needs and can understand and communicate with the people.
