(a) Why is Mayuko contacting Kenji?

2

Because Mayuko wants to buy a computer & she knows that Kenji always deals with kind of things relate to computer so she wants to him to come to the computer shop with her as he knows much more about computer & he ~~is~~ gives her some good advices.

(b) Explain Kenji's problem.

3

He's ~~not~~ not having a part-time job anymore because in his school rules, yr 12 students ~~don't~~ don't allow to have part time job. And they should have more time to study rather than having a part time job so he has to quit his part time job which makes him feel frustrated. The reason for this because that he won't have enough money to go ~~to~~ traveling like his friends do after the graduation.
