

Question 24 (6 marks)

With reference to ONE contemporary human rights issue, explain the role of state sovereignty in enforcing human rights.

6

Torture is one of the biggest human rights issues going on today. In many countries it is used as punishment or pleasure towards a person's actions. In some countries ^{their} state sovereignty ignores the illegal actions of their community and continues to ~~brush~~ brush the acts of cruelty under the carpet. State sovereignty is supposed to help these issues and prevent them by all means necessary.
