Implementation/planning comments: Need to confirm teacher accreditation and RTOs scope of registration for qualification. Agriculture (100-hour) class plus other identified students offered opportunity to undertake course with planned pathway into Primary Industries.	Implementation/planning comments: Course offered to full cohort. Year 10 Rural Operations students encouraged to select it as a part of their HSC pattern of study. Anticipate viable class of students some who have done rural operations and others who haven't.	Implementation/planning comments: Majority of students to continue in course, some students may elect to drop the course. Possible opportunity to offer an additional Specialisation Study or Extension course to be undertaken concurrently. Viability dependent on student interest.	Implementation/planning comments:
