Section II extra writing space

If you use this space, clearly indicate which question you are answering.
Question 25 (20 marks)

Emu Uniform Manufacturers Pty Ltd are a successful business based in NSW. They currently supply a range of school, sport and work uniforms to a large number of customers throughout Australia. They are known for their outstanding customer service and high quality products.

Sales have been increasing for many years and they have recently received a large long-term contract to supply uniforms to a major company.

This will require them to significantly expand their output. To do this, the business will have to outsource overseas or spend $5 million to expand its existing factory in NSW.

You have been hired as a consultant to write a report to the management. In your report:

• recommend a source of finance for the factory expansion
• discuss outsourcing overseas compared with the factory expansion
• explain the global factors that need to be considered if they decide to use outsourcing as an operations strategy.
