1 Primary Industries Curriculum Framework ................................................................. 6
  1.1 Introduction .................................................................................................................. 6
2 Course Delivery .................................................................................................................. 8
  2.1 General Information ..................................................................................................... 8
  2.2 Sequence of Delivery ................................................................................................. 9
    2.2.1 Relationships between units of competency ......................................................... 9
    2.2.2 Category status of units of competency available in the Primary Industries Curriculum Framework ................................................................. 10
      Table 1 Certificate II in Conservation and Land Management, Rural Operations, Agriculture and Horticulture ................................................................. 11
      Table 2 Certificate II in Agriculture specialising in Beef Production, Dairy Production, Goat Production, Horse Breeding, Pig Production and Poultry Production ................................................................. 18
      Table 3 Certificate II in Agriculture specialising in Sheep and Wool Production, Grain Production and Cotton Production, and Irrigation and Production Horticulture ................................................................. 32
      Table 4 Certificate II in Crutching, Shearing and Wool Handling ................................. 46
      Table 5 Certificate III in Advanced Wool Handling, Conservation and Land Management, Rural Operations, Agriculture (Beef Production) and Agriculture (Cotton Production) ................................................................. 55
      Table 6 Certificate III in Agriculture (Dairy Production), Agriculture (Goat Production), Agriculture (Grain Production), Agriculture (Horse Breeding), Agriculture (Pig Production) and Agriculture (Poultry Production) ........................................................................ 69
      Table 7 Certificate III in Agriculture (Sheep and Wool Production), Agriculture (Sugar Production), Irrigation, Horticulture and Wool Clip Production ................................................................. 83
    2.2.3 Context of assessment for Units of Competency .................................................... 97
    2.2.4 Selecting elective units of competency to meet HSC course requirements and qualification packaging rules ......................................................................................................................... 98
      2.2.4.1 Primary Industries (240 indicative hours) ........................................................ 99
        Example 1 Conservation and Land Management ....................................................... 99
        Example 2 Rural Operations ....................................................................................... 100
        Example 3 Agriculture – working with livestock .................................................... 101
        Example 4 Agriculture – working with plants ......................................................... 102
        Example 5 Horticulture ............................................................................................ 103
        Example 6 Beef Production ....................................................................................... 104
        Example 7 Goat Production ....................................................................................... 105
        Example 8 Pig Production ......................................................................................... 106
        Example 9 Sheep and Wool Production .................................................................... 107
        Example 10 Grain Production ................................................................................... 108
        Example 11 Production Horticulture ........................................................................ 109
      2.2.4.2 Primary Industries (240 indicative hours) plus Primary Industries Specialisation Study ......................................................................................................................... 110
        Example 1 Dairy Production ....................................................................................... 110
        Example 2 Horse Breeding ......................................................................................... 112
        Example 3 Poultry Production ................................................................................... 113
Example 4 Cotton Production………………………………... 115
Example 5 Sugar Production…………………………………. 117
Example 6 Irrigation…………………………………………. 119
Example 7 Crutching………………………………………….121
Example 8 Shearing………………………………………….. 122
Example 9 Wool Handling…………………………………… 123
Example 10 Advanced Wool Handling……………………….. 124

2.2.4.3 Primary Industries Extension……………………………..……. 126
Example 1 Conservation and Land Management……………. 126
Example 2 Rural Operations…………………………………. 127
Example 3 Agriculture……………………………………….. 128
Example 4 Horticulture………………………………………. 129
Example 5 Beef Production………………………………….. 130
Example 6 Cotton Production………………………………... 131
Example 7 Dairy Production………………………………. 132
Example 8 Goat Production………………………………. 133
Example 9 Grain Production…………………………………. 134
Example 10 Horse Breeding………………………………….. 135
Example 11 Pig Production…………………………………… 136
Example 12 Poultry Production……………………………… 137
Example 13 Sheep and Wool Production………………………138
Example 14 Sugar Production…………………………………. 139
Example 15 Production Horticulture………………………….. 140
Example 16 Irrigation…………………………………………. 141
Example 17 Wool Clip Preparation…………………………… 142

2.2.5 The timing of work placement…………………………...…………...….. 143
2.2.6 Traineeships and Vocational Training Orders………………… 143

3 Teaching Programs…………………………………………………………………..… 144
3.1 An Integrated Approach to Programming – Using a Theme…………………..… 144
Sample Program 1 Working in the industry……………………………………. 145
Sample Program 2 Don’t fence me in…………………………………………... 171
Sample Program 3 Weed control and chemical application and safety……….188
3.2 An Integrated Approach to Programming – Using Projects or Events……..… 208
3.3 Programming Individual Units of Competency………………………….…...…. 209
Sample Program 4 Weather or not………………………………………………210

4 Assessment……………………………………………………………….……………. 216
4.1 Industry Curriculum Frameworks – The Purposes of Assessment……...……..… 216
4.2 Assessment for AQF Certification……………………………………… 216
4.2.1 Guiding principles for assessment materials……………………….216
4.2.2 Integration of key competencies in Training Packages………………….. 221
4.2.3 Principles for designing and conducting assessments………………….... 223
4.2.4 List of assessment resources…………………………………..…………. 229
4.2.5 Programming assessment………………………………….…………….. 229
4.3 Recording Assessment……………………………………………………… 230
4.3.1 Competency Record – sample unit of competency record sheet………... 231
4.4 Sample Assessment Items……………………………………………… 232
4.4.1 Observe and report on weather…………………………………..……… 232
4.4.2 Environmental issues…………………………………………………. 233
4.4.3 Respond to a simulated fencing accident………………………..……….. 234
4.4.4 Native and introduced fauna………………………………………..……. 236
4.4.5 Farm safety check ................................................................. 239
4.4.6 Risk assessment ................................................................. 241
4.4.7 Manage a chemical spill ..................................................... 243
4.4.8 Operate tractors ................................................................. 244
4.4.9 Assessment advice form – repairs to farm fences ...................... 245
4.4.10 Observation guide RTC2209A Install, maintain and repair fencing .... 246
4.4.11 Observation guide RTE2117A Pen sheep .................................. 248
4.5 The HSC Examination ............................................................ 249
  4.5.1 Internal examinations ....................................................... 249
5 Work Placement ........................................................................ 250
  5.1 Principles Underpinning Work Placement in the Higher School Certificate ...... 250
  5.2 Work Placement for Primary Industries Courses .............................. 252
6 Other ....................................................................................... 253
  6.1 Use of Animals for Educational Purposes ................................... 253
  6.2 Teaching and Learning Materials ............................................. 255
  6.3 Legislation ............................................................................ 255
    6.3.1 Noxious Weeds Act 1993 (NSW) ........................................ 256
    6.3.2 Code of Practice for the Control of Workplace Hazardous Substances 1996 (NSW) ................................................................. 257
    6.3.3 Threatened Species Conservation Act 1995 (NSW) and Threatened Species Conservation Amendment Act 2002 (NSW) .............. 258
    6.3.4 Protection of the Environment Operations Act 1997 (NSW) .......... 259
    6.3.5 Code of Practice for the Safe Use and Storage of Chemicals in Agriculture 1998 (NSW) ................................................................. 260
1 Primary Industries Curriculum Framework

1.1 Introduction

The Primary Industries Curriculum Framework has been developed to provide students with the opportunity to gain credit towards the NSW Higher School Certificate and credit towards national vocational qualifications in primary industries under the Australian Qualifications Framework. This framework is based on the national Conservation and Land Management (RTD02), Amenity Horticulture (RTF03) and Rural Production (RTE03) Training Packages.

This industry curriculum framework incorporates all Higher School Certificate (HSC) Primary Industries VET courses whether:
- delivered by schools
- delivered by TAFE colleges or
- delivered by other Registered Training Organisations (RTOs) on behalf of schools or TAFE colleges.

This document, the *Primary Industries Curriculum Framework Stage 6 Primary Industries Support Document*, contains material and advice which are intended to assist teachers and trainers in the initial implementation of courses within the framework and in the assessment of student competency. It must be read in conjunction with Part A and Part B of the syllabus.

Part A of the syllabus contains general advice about the Primary Industries Curriculum Framework and describes course structures and requirements, including work placement. For HSC accreditation the delivery of all courses in the Primary Industries Curriculum Framework must comply with the structures and requirements described in Part A of the syllabus.

Part B of the syllabus contains the text of the units of competency from the Training Packages that have been included in the framework. Part B must be used in the delivery of the 120 and 240 indicative hour HSC courses in Primary Industries.

The framework documentation for the Primary Industries Curriculum Framework also includes a Primary Industries Competency Record for recording assessment activities and student achievement of competency. The use of the Competency Record is not mandatory. RTOs may choose to design an alternative form of competency record or use versions produced by industry bodies.

Industry Curriculum Framework Documentation

- Syllabus Part A
- Course Structures and Requirements
- Syllabus Part B Units of Competency and HSC Requirements
- Competency Record Book
- Support Document
- Resource List
- Specimen HSC Examination Paper
- Sample Marking Guidelines
- Draft Performance Bands
Support materials for this curriculum framework include this support document and a resource list.

Parts A and B of the syllabus are available in hard copy from the Board of Studies and may also be accessed on the Board’s website (www.boardofstudies.nsw.edu.au). The competency record, the support document and the resource list may be accessed through the website.
