

2016 HIGHER SCHOOL CERTIFICATE EXAMINATION TIMETABLE

Thursday 13 October to Friday 4 November

Important information for students

The following pages list information about all the written examinations for the 2016 HSC. Details about oral examinations for languages, performance examinations and submitted works have been distributed to schools, and are available on the Board of Studies, Teaching and Educational Standards NSW (BOSTES) website.

Your personal examination timetable

Your personal examination timetable is available from *Students Online*. Your personal timetable lists all your written examinations and states where you will sit for your examinations – usually at your school.

It also lists any other examinations that you have been entered for, including oral examinations for languages, performance examinations and submitted works.

Details of your performance examinations or projects (title of work, category etc) – as supplied to us by your school – are also available via *Students Online*. If you are undertaking oral or performance examinations, details about the venue and time for these examinations will be uploaded later in the year.

If there are any errors or omissions in the examinations for which you are entered, you must contact your school as soon as possible so that they can supply us with the correct information. Take special care if you are entered for a VET course that has an HSC examination. If the examination does not appear on your personal timetable, you have not been entered for it. You must be entered separately for the examination if you expect to sit for it.

Information about the HSC examinations

You must ensure that you have read and understood the information about the HSC examinations in the *2016 Higher School Certificate Rules and Procedures* for HSC candidates. Copies of this booklet were sent to all schools for distribution to HSC students, and it is also available on the BOSTES website at www.boardofstudies.nsw.edu.au/yourhsc/hsc-rules-procedures-guide.html.

There will be serious consequences if you attempt to cheat in an examination, if you disobey the BOSTES rules for the conduct of the examination, or if you do not make a serious attempt across a range of question types in each examination. Any of these offences may result in reduced marks, cancellation of the course or loss of the HSC.

The starting time for the examinations shown in the timetable is when reading time begins. You should plan to arrive at your examination venue well before the time specified.

Further information about the HSC examinations is available on *Students Online* and on the BOSTES website.

Disability Provisions

If you have a disability that affects your reading of examination questions, or responding to them under examination conditions, your school can submit an application for provisions that will allow you to undertake the examinations. If you have not already done so, you should speak to your school if you think this applies to you.

HSC exam equipment list

You should write in black pen. Make sure you bring spare pens to each examination. You may also bring a ruler, highlighters, pencils and a sharpener, and a bottle of water in a clear bottle. You can wear your watch to your examinations, but once you sit down you will have to take it off and place it in clear view on your desk. Programmable watches, including smart watches, will not be allowed in the examination room.

The following list shows the examinations for which you are to bring specific equipment, as there may be some examination questions that require the use of this equipment. If an item is listed as optional, it means that there will be no examination questions for which the item is essential, but you may bring and use it if you wish.

All equipment you bring is subject to inspection on entry. Make sure any equipment you are allowed to bring, such as a calculator, is in good working order because an appeal under misadventure provisions for equipment failure will not be upheld.

What you *cannot* bring into your examination room

- ✗ A mobile phone. Mobile phones are not permitted in an examination room under any circumstances.
- ✗ A programmable watch, eg a smart watch.
- ✗ Any electronic device (except a calculator where permitted). This includes mobile phones or other communication devices, organisers, tablets (eg iPads, etc), music players or electronic dictionaries.
- ✗ Paper or any printed or written material (including your examination timetable).
- ✗ Dictionaries, except where permitted in language examinations.
- ✗ Correction fluid.

You are not allowed to borrow equipment during examinations.

Equipment for specific HSC exams

This list details specific equipment that students are expected to bring for particular examinations. Only

those examinations that require specific equipment are listed. For a list of Board-approved calculators, please visit http://www.boardofstudies.nsw.edu.au/hsc_exams/calculators.html.
