

Question 9 (continued)

- (a) Why should children NOT drink coffee? 2

When they drink coffee, they have trouble sleeping, and it makes them nervous.

- (b) Where do children buy energy drinks? 1

in all supermarkets and on every corner.

- (c) What are parents and teachers concerned about? 3

That children spend too long in front of the TV and computer, and not spending time outside playing sports. This makes them tired & lethargic, and needing an energy boost.

- (d) What advice does this passage give to parents considering buying these drinks for children? 4

They should make sure that they're not getting too much because too many children are hyperactive. Also, they should be doing more physical activity, such as playing sports, and not taking any drugs - energy drinks being considered here as drugs.
