

Education

The education through out the Aboriginal culture needs a lot of attention. ~~Only 10% of Aboriginal children will finish year 12. 60% of Aboriginal children aged 5~~ Aboriginal children aged 5 are disadvantaged in their first year of school. approx 13% more likely to be employed when year 10 or 11 are completed and another 3% if year 12 is completed. Around 40% of Aboriginal Adults have a year 12 education level. 10% of Aboriginal children will graduate year 12.

Aboriginal peoples educational outcomes are ~~very~~ very poor compared to a non-Aboriginal. ~~Non-Aboriginal results~~

Education

13 part B.

Some strategies may have worked better than others ~~to~~ simply because of the strategie ~~may be easier for an~~

~~need to be~~ or maybe easier for an Aboriginal to work ~~around~~ around.

~~Strategies that had failed~~ In Every

~~the~~ School Faculty there is an Aboriginal Education officer ^{or more} that ^{has} is willing to help the Aboriginal students do the best they can to complete the ~~was~~ assigned work and school days.

~~One~~ the strategies that has not been successful are ~~mostly~~ most likly the ones that doesnt set a ~~burdie~~ bundarie from Aboriginal people.
