Sample 1 Question 14(b)

Question 14 - Housing.

(b)

With more support from the Australian and Zealand government in supporting the Indigenous population's in obtain suitable housing there would be less homeless Indigenous peoples and less over populated houses.

With more support groups for indigenous persons to gain jobs and education their will be a lower level of homeless persons, For Example more Aboriginal housing within the communities for families that are homeless or over ~~over~~ populated.

Australian Indigenous person have more suitable housing and more support then New Zealand Māori's. This is due to more Aboriginal support groups and less racism.

For Indigenous persons to obtain better/suitable housing they need support from ~~gone~~ government and, employment and education.
