Health and Education through the
Aboriginal Population rising up
to ~~achieve~~ ^{achieve} ~~achieve~~ their higher School
certificate. & remote Communities
having health Centre's in their
town's to help Aboriginal
Communities.

Maori ~~ee~~ Indigenous Community
have hospitals to go to but have to
travel distances to attend appointments.
Wiradjuri people travel but may have
health Centre's around in their
areas to help them.

Maori and Wiradjuri Communities
have the same education crisis
but for some Maori people working
was the best option but Indigenous
people were forcibly removed
due to the fact that ^{some of} the British
parents didn't want their children
to attend school unless the
Aboriginal children were gone.
