2012 HSC - Aboriginal Studies  
Band 5/6  
Sample 1 Question 19(a)

a

Some ATS I people may be unwilling participate in community consultations due to their previous negative experiences in the matter, in which their intellectual property of info has been abused or their statements ~~is~~ misunderstood & thus taken out of context. Too the inability to share such info as ~~part~~ part of their religion/beliefs ~~detracting~~ so due to the historical ties of tribe. Too they want to keep such a secret to their people. Also the misunderstanding of what the concept of community consultation itself entails. This negative prev experience with community consultation & ~~is~~ unwillingness to participate may to be as result of negative experiences in general in which they have not fully psychologically recovered from & thus do not wish to speak or inform others about.
