

Question 19 (12 marks)

- (a) Why is it essential to tag electrical equipment? 2

To keep all the equipment for
your personal use and not allow
any access to other people.

- (b) Analyse the human and organisational costs faced by a business as a result of workplace injuries. 6

Work place injuries have a significant cost on our healthcare system. These can include human and organisational costs. The human costs include injuries such as physical, chemical or behavioural. These injuries are covered under the Occupational Health and Safety Act 2000 which allows a business to provide safety and a duty of care to all employees and visitors within the business. Whereas, the organisational costs faced by a business can all be due to ~~work~~ workplace injuries. This is covered under the Occupational Health and Safety regulations Act 2001, where the organisation can be forced to pay for injuries due to risks and hazards. An business must identify all potential hazards, eliminate, assess then review if any injuries are going to occur anymore.

Question 19 continues on page 12
