

Start here.

The portrayal of a bleak world in which the
holocaust has been disturbed actively signs with
with interpretations taken from a study of the
text. In William Shakespeare's dramatic
revenge tragedy 'Hamlet' effectively
portrays the corruptive nature of the
world in which it was set and the
context of the Elizabethan England. Above the
political ~~corruption~~^{instability} and immorality are
two concepts within Hamlet that portray
the bleak world through the eyes of the
character of Hamlet.

The political instability within the play
Shakespeare's drama 'Hamlet' (also alludes)
to the political instability of the time
of Hamlet's creation when there was a
political uncertainty over the next heir of England.
This the underlying nature of this concept is
evident even within both Hamlet and
modern society, thus allowing a connection
to be understood. In Hamlet the political
instability is represented through the
murder of the throne by Hamlet's uncle
Claudius rather than direct inheritance to Hamlet.

himself. Additionally, the corruptive nature
of the political instability is demonstrated
~~in the text~~ through the incestuous marriage
between Claudius and Hamlet's mother Gertrude
Hamlet is
