

Life of Pi - ang lee

Discoveries are a very important and insightful experiences that can involve ~~the~~ hidden aspects in life, discoveries come and happen in variety of ways some may be religious, emotional, spiritual, personal and exploring discovery, these discoveries come in different forms and shapes in our life and they can have a huge impact on our lives and others lives.

These are the same discoveries Pi found when he was telling his story and the impacts it had on him and his life. As in the scene where Pi discovers different religions apart from hinduism but also christianity and Islam and how ~~to~~ he feels connected to all three religions that he ~~believes~~ believes in and also the way he prays and reads the holy Bible and the holy Quran and fasts for those religions too.

Where in the story of Malala the young pakistani girl who fights for all ~~the~~ the other ~~g~~ young girls who want to go to ~~a~~ school and have an education in their country and state. ~~Malala~~

Malala's story is also a discovery as she
~~is~~ was going to killed.
