Food Manufacturers and Product developers have noticed a change in diet and other health and or family issues so they have come up with many ideas to give consumers what they want and need.

For Example. creating new single serve meals for people on a low budget and living by themselves. there are also foods aimed at specific age groups. like womens yoghurt. and food for Adolescents like snack bars and energy drinks.

Another Point is also fast food company's since there is such a massive change in culture and religion in Australia there have been many restaurants opening that have a different taste and draw different consumers such as chinese, Thai, Italian and more of all America who has a massive influence.

Recently there have been major issues with health and diet related issues and Australia has taken note and started doing advertisements and giving tests of new ways in which we can stabilise our diets.

With ads like 2 fruit and 5 veg a day and giving you an idea of activities you could do which may help with your diet to become healthier.
