

Question 4 (continued)

4. 给明明回复电子邮件。答案字数大约用 160 个英文字。

10

Write an email replying to Mingming. Write approximately 160 words in ENGLISH.

Mingming, how have you been?

Thank you for searching up the materials for our assignment. I have looked at the blog link you sent me and have concluded with a few main points about the various attitudes and way of thinking young Chinese people have.

Firstly, we can deduce from the blog writer that they are not particularly appreciative of the time they are given, seeking to ways to constantly 'waste time' by going on the internet, chatting.

Secondly, they are very idealistic in their pursuits. Just because there is a story about a fairytale like story in Germany about a couple, how credible is it that these young people will come across the same chances?

Thirdly, because of these idealistic measures, they expect their parents to pay for holiday trips rather than paying for themselves. We can conclude that some characteristics of ~~the~~ modern society's ^{young} Chinese include wasting time, idealistic and somewhat demanding or spoilt.
