

Question 17 (8 marks)

Your neighbour has fallen from a ladder while cleaning a high window.

- (a) Describe the first aid management of this situation.

3

When giving first aid management ask your neighbour if he is stable make sure he is still breathing first. Ask if he has any pain if so ask him to stay still and you'll call the ambulance.

- (b) (i) Your neighbour has a lower leg wound that is bleeding profusely.

3

What actions should you take?

~~Wash the wound out with water~~
Do hand hygiene and put gloves on
Wash the wound with water and hold a cloth on it until it stops bleeding then band aid over top and if needed a bandage.

- (ii) Your neighbour stops breathing and is unconscious.

2

Describe how to apply CPR.

When applying CPR make sure nothing is stuck in the mouth the apply CPR if your neighbour starts spewing roll them onto their side.
