

# PRODUCTION

## Distinguishing features of a Band 5/6 Project

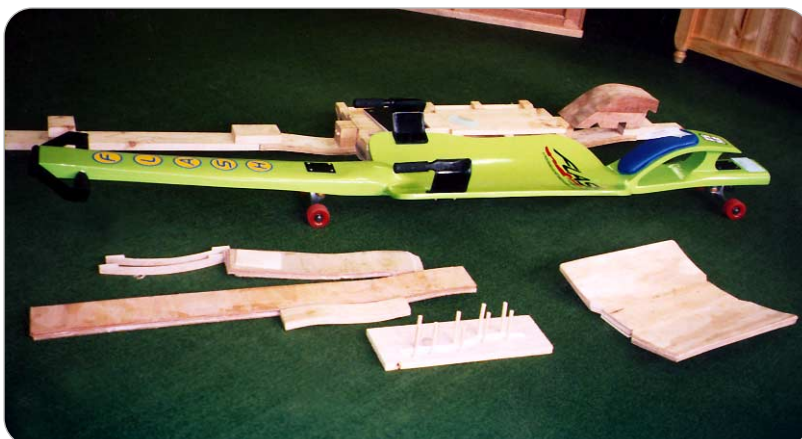

- The project displays a high degree of difficulty, quality and excellent management skills.
- Band 6 projects are technically difficult and involve higher order construction skills. They display excellence in the selection of materials, processes and components used in the project's construction.
- A high degree of relevant problem-solving is evident.
- The design parameters specified in the Statement of Intent have been successfully addressed.
- The finish of the project is excellent and of an 'industry standard'.
- The project makes excellent use of appropriate industrial technologies.
- A strong link between the planning and production of the project is clearly evident.
