

Question 14 (continued)

(a) How do you get to Asahi Youth Hostel?

2

You must take a ferry, then go on a 10 minute walk.

(b) What are the special attractions of Asahi Youth Hostel?

3

A fresh, yummy fish restaurant, night-sky seeing from the train (as there is no cars/carpark) and a beautiful ship museum.

(c) What do Hiro's and Yumi's travel reviews reveal about their personalities? Justify your response.

5

I think Hiro is a very bubbly person who has a short attention-span. He thought the museum was boring and the walk took an extra 10 minutes so he complained! He also seems more relaxed as his speech is informal. Seems like a loner.
Yumi seems like a sweet person. She didn't complain and enjoyed everything. She mingled with many foreigners and is much more friendly than Hiro. She is more reflective of this experience also.
